Shareholders who have completed the e-dividend Mandate Form will receive a direct credit of the dividend into their bank accounts on the date of the Annual General Meeting, while dividend warrants for shareholders who have not completed the e-dividend Mandate Form shall be posted on April 20, 2012. Note however, that holders of the Company's Global Depository Receipts listed on the London Stock Exchange will receive their dividend payments seven (7) business days after the local payment date.

2. Closure of Register

The Register of Members will be closed on March 30, 2012, to enable the Registrar prepare for payment of dividend.

3. Audit Committee

In accordance with section 359 (5) of the Companies and Allied Matters Act, 2004, any shareholder may nominate a shareholder for appointment to the Audit Committee. Such nomination should be in writing and should reach the Company Secretary at least twenty-one (21) days before the Annual General Meeting.

Chairman & Managing Director's Statements

Proudly African... Truly International

Distinguished Shareholders, members of the board of directors, ladies and gentlemen, It is my pleasure to welcome you all to this year's annual general meeting and present the operating results and key achievements of your bank for the financial year ended December 2011. In line with the responsibilities of my office, I will provide a short overview of the macroeconomic operating environment and highlight the Bank's

performance scorecard for the year. In addition, I will share with you our outlook for 2012.

Our key objectives for the 2011 financial year were to position the Bank as the financial institution of choice in all economies where we operate, to further improve the quality of our service offerings to our various stakeholders, to institute innovations that ensure

banking is a more convenient experience for our customers, to adhere to the highest corporate governance standards and to promote societal progress through corporate social responsibility.

Even though we faced several challenges during the year that could have hindered the attainment of these goals, I am pleased to inform you that our passionate commitment to the values upon which this institution was founded and adherence to a clearly defined business strategy, ensured a very successful operating period for your bank. The giant strides of success we took in 2011, have in no small measure further positioned Guaranty Trust Bank plc as the bank of choice for discerning customers and a 'Proudly African and Truly International' financial institution.

Our 2011 achievements are all the more significant, given that we experienced our second leadership transition during the year, with the passing on to Greater Glory of the Bank's co-founder and erstwhile Managing Director, Mr. Olutayo Adeleke Aderinokun MFR (RIP). May the Almighty continue to give us and the Aderinokun family the fortitude to bear this loss and we pray that Tayo's soul finds perfect peace and eternal rest. Amen.

Macroeconomic Review

The review period marked another milestone for the Nigerian democratic process, as the nation successfully held the 2011 elections and Dr. Goodluck Ebele Jonathan was inaugurated as President of the Federal Republic of Nigeria.

In his inaugural address, the President outlined his vision for transforming Nigeria by rebuilding infrastructure, creating employment opportunities for labor, tackling the nation's power challenges, ensuring food security and boosting economic growth and social development. The profiles of Ministers and members of the Federal Executive Council appointed after the elections by the President was a positive pointer of his determination to succeed in this regard, and jumpstart Nigeria on the path of accelerated growth and progress in 2011.

The Federal Government instituted several policies during the review period to promote the actualization of these objectives and improve the standard of living of the Nigerian worker. These included the Minimum Wage Bill, which pegged minimum take-home pay at N18,000.00 and the Nigerian Sovereign Investment Authority (NSIA) Act, which provided for the establishment of the Sovereign Wealth Fund. In addition, the Government commenced public dialogue on the benefits of fuel subsidy removal and its inherent impact on the nation's development efforts.

The modest growth recorded by the economy in 2010 was sustained in 2011, with data from the Nigerian Bureau of statistics indicating a real GDP average growth of 7.40% for the third quarter of the year. The non-oil sector was the country's major driver of overall economic activity, growing by 8.81% in the third quarter of the year and recording significant contributions from services, wholesale / retail trading, telecommunications, manufacturing and finance/insurance.

To further bolster non-oil sector contributions to national output, the Federal Government embarked on a series of initiatives aimed at promoting agriculture during the review period, including a World Bank-Nigeria assisted Commercial Agriculture Development Project to boost exports from Lagos, Cross River, Enugu, Kano and Kaduna States. The Central Bank of Nigeria also mandated all banks to establish Agricultural Finance Departments before the end of the financial year, to further promote the growth of this very important sector of the economy.

Oil sector contributions to national output remained modest during the review period, growing by 2.9 and -0.34 percent respectively during the second and third quarters of the year, while production peaked at 2.15million bpd. Despite economic challenges experienced by several developed economies, International crude oil prices remained above US\$100/pb for most of the year, ensuring appreciable revenue surpluses for the Federal Government, given that the 2011 Appropriation bill was based on a projected oil price of US\$75/pb. These surpluses were largely used to fund

Government's development efforts, increase the nation's external reserves, which stood at US\$33.1billion in December 2011 and meet the foreign exchange requirements of the country.

On the financial front, the successful purchase of the industry's non-performing loans by the Asset Management Company of Nigeria (AMCON), led to a substantial reduction in aggregate non-performing assets for the industry. This has enabled industry players increase the depth of their operations and begin to report positive returns.

The Central Bank of Nigeria (CBN) maintained a tight monetary policy stance throughout the year, aimed at keeping inflationary pressures in check and protecting our local currency from external economic factors. Consequently, the apex regulatory body increased key monetary policy tools several times during the year to manage money supply amidst increased Government spending. Benchmark Monetary Policy Rate was increased from 6.25% in January, to 7.5% in March, 8% in May, 8.75% in July and 12% in October, while the Cash Reserve Ratio was reviewed upward from 4% to 8%. This firm control of monetary supply enabled the Government maintain an average headline inflation of 10.9% during the review period.

The value of the Naira responded to increasing demand pressure in the foreign exchange market during the year. In November 2011, the CBN adjusted the mid-point of the target official exchange rate from N150.00/US\$1.00 to N155.00/US\$1.00, while maintaining the band of +/-3.0 percent. This effectively set the value of the Naira within a range of N150.00/US\$1.00 and N160.00/US\$1.00.

The Central Bank also continued its diligent audits of industry players during the year to ensure the safety of depositors' funds and compliance with the highest corporate governance standards. All Universal Banking licenses were revoked in 2011 and replaced with International, Regional and National licenses that restrict the activities of financial institutions to core banking

services. In addition, the CBN has mandated all Nigerian banks to comply with the International Financial Reporting Standard in reporting their financial statements by December 2012, in accordance with international best practice.

Financial Scorecard

Your Bank was able to record strong top line financial figures for the year under review due to adherence to our core values and the support we continue to receive from our various stakeholders.

Profit Before Tax was N65.6 billion, 35.4% up from the N48.5 billion reported for last year. Total Assets and Contingents stood at N2.1 trillion as at December 2011, up by 35.6% above the N1.6 trillion reported for the corresponding period in 2010. Our loan book grew by 20.6% over the 12 month period to N715.9 billion despite a generally cautious customer approach to investments, while our cost containment strategies ensured our operating expense was 15% below projections for the year.

The Bank closed the year with a balance sheet size of N1.6 trillion, which represents a 40% growth over our opening position of N1.2 trillion. Our deposit liabilities for the year was N1.0 trillion, 35.7% above the N761.2 billion reported for December 2010.

A unique combination of superior service quality, committed Board members, a knowledgeable management team, passionate staff and excellent financial performance continued to ensure we experienced diversified growth during the year, not only in Nigeria, but in all economies where we operate. We have continued to consolidate our position in this regard and received several accolades in the course of the year. Some of these are the 2011 Bank of the Year Award for Nigeria from The Banker Magazine, the 2011 Best Bank in Nigeria Award from EMEA Finance Awards and the 2011 Best Bank in Nigeria Award from Euromoney Magazine. In addition we were also recognized as the 2011 Most Customer Friendly Bank (Corporate) in Nigeria by KPMG.

Subsidiaries

The expansion of our subsidiary network in Anglophone and Francophone West Africa is a critical component of our strategy to become a dominant African franchise and I am pleased to inform you that we received the approval of the Central Bank of Cote d'Ivoire during the year to commence banking activities within the country. When Guaranty Trust Bank (Cote d'Ivoire) Limited starts operations later this year, it will increase the number of banking subsidiaries within the group to six: Guaranty Trust Bank (Gambia) Limited, Guaranty Trust Bank (Sierra Leone) Limited, Guaranty Trust Bank (Liberia) Limited, Guaranty Trust Bank (Cote d'Ivoire) Limited and now, Guaranty Trust Bank (Cote d'Ivoire) Limited.

These banking subsidiaries continued to project the GTBank brand for excellence, deepen their operations, introduce innovative products, render quality service and contribute positively to the consolidated group accounts during the review period.

In addition and in compliance with the new Central Bank of Nigeria guidelines and circular withdrawing universal banking licenses, we successfully completed the divestment of our equity holdings in Guaranty Trust Assurance Plc, GTB Asset Management and GTB Registrars during the financial year at a commendable profit. Our expectations are to complete total divestment from all subsidiaries affected by the circular by December 2012, and operate strictly within the confines of our International Banking License going forward.

Board of Directors

In June 2011, the Bank's erstwhile Managing Director / CEO, Mr. Olutayo Adeleye Aderinokun MFR transited onto Greater Glory after a brief illness. Adhering to the Bank's clearly defined corporate succession plan, the Board of Directors appointed Mr. J.K. Olusegun Agbaje as Managing Director / CEO of the Bank. Mr. Agbaje has had a distinguished career with the Bank and served as Deputy Managing Director under Mr. Aderinokun for 9 years.

Mr. Olusegun Agbaje joined Guaranty Trust Bank as a pioneer staff in 1991. His experience cuts across most aspects of the Bank's business including commercial banking, investment banking, treasury, corporate planning and strategy, settlements and operations.

He possesses a deep understanding of the Nigerian business environment, having led the execution of large and complex transactions in financial advisory, structured and project finance, balance sheet restructuring, debt and equity capital raising in the Nigerian Energy, Telecommunications, Financial Services and Manufacturing sectors. In addition, he helped develop the Interbank Derivatives market amongst dealers in the Nigerian banking industry.

Mr. Agbaje is an alumnus of the Harvard Business School and holds a B.Sc and MBA from the University of San Francisco, USA.

Other appointments made during the year were the confirmation of Mrs. Cathy Echeozo as Deputy Managing Director of the Bank and the appointment of Mr. Wale Oyedeji, Mr. Demola Odeyemi, Mr. Ohis Ohiwerei and Mrs. Tola Omotola as Executive Directors. These individuals bring an invaluable depth of experience to the Bank's board and are committed to take our bank to higher levels of prosperity and progress in the years to come.

Staff

The accomplishments we celebrate today would not have been possible without the passionate contributions and commitment exhibited by every Guaranty Trust Bank employee. They continue to uphold our 'One Team...One Goal' principle and work innovatively to ensure our bank's objectives are consistently met. In the coming year, we will continue to seek the best talents in the industry, reward hardwork and pay critical attention to the development of our greatest asset; Our People.

Economic Outlook

Global growth projections for 2012-2013 are being put at 4%, as many countries particularly in the Organization

CHAIRMAN'S STATEMENT

for Economic Cooperation and Development (OECD), continue to face challenges that have translated into fiscal retrenchment, austerity measures and rising levels of sovereign debt. Economic fluctuations in these countries could adversely affect the performance of the Nigerian economy in 2012 on two fronts: depreciation in foreign direct investments and lower demand levels in the international oil market.

The extent to which the nation will achieve its 2012 goals is therefore largely hinged on Government's ability to create multiple revenue streams that are independent of crude oil, resolve the power problem, undertake much needed capital projects to stimulate economic development and reduce unemployment figures.

In this regard, Government's attempts to privatize the power sector and jump start the agriculture industry are steps in the right direction, which should positively affect the actualization of our 7.2% projected GDP growt rate for 2012. The domestic non-oil sector is expected to be the major driver of economic growth in the coming year and Government's ability to ensure the security of its citizenry and their businesses will definitely have a huge impact on the sector's contributions to national output.

Given global economic realities and the partial removal of fuel subsidy, which will translate into increased Government expenditure in 2012, it is expected that the Central Bank will continue its tight monetary policy stance to enable it control inflation, strengthen the value of the Naira and ensure financial stability within the economy. The Cashless Nigeria Project should further support this position by reducing the amount of physical cash within the system and minimizing the amount spent printing Naira notes.

On our part, Guaranty Trust Bank will continue to focus on its core business in 2012 and seek innovative ways to meet the needs of our various stakeholders. We are aware that economic prosperity will invariably lead to a redefinition of the markets in which we operate, and are prepared to take advantage of all opportunities that will come our way during the coming year. We are committed to be the best and will continue to scan the African and International landscape for strategic opportunities that enhance our profile and project your Bank as a light out of Africa.

Our singular goal as we step into 2012 is to be a Proudly African and Truly International Institution.

Welcome to 'our' future

Thank you.

Oluwole Oduyemi

Chairman, Guaranty Trust Bank plc

True to Our Values...

Dear Shareholders,

Welcome to the 22nd Annual General Meeting of Guaranty Trust Bank plc.

I am pleased to report that the 2011 financial year was a quite successful and defining period in our journey to become one of Africa's leading financial institutions.

Our resolve to differentiate your Bank by pioneering

service innovations, building excellence and creating role models for society yielded dividends, despite various uncertainties and the transition to Glory of our former Managing Director, Mr. Olutayo Aderinokun MFR (RIP). May His gentle Soul Rest in Perfect Peace. Amen.

Your Bank remained at the forefront of the Nigerian financial industry in 2011. We recorded another first for ourselves by successfully issuing a 5-year, 7.5% coupon, US\$500million Benchmark Eurobond, with no sovereign

MANAGING DIRECTOR'S STATEMENT

guarantee or backing from any international institution. This achievement is significant considering the Eurobond offer took place during a global debt crisis that is still being felt by several Eurozone countries today. Its success was a conclusive affirmation that our bank is regarded as a viable and profitable investment by the international community.

Product wise, we pioneered virtual banking during the year by introducing a new virtual account for Nigerian undergraduates called GTCrea8 E-Savers. We also upgraded our internet banking platform to support more business functions, such as domiciliary account FX transfers and commenced an aggressive deployment of point of Sale terminals nationwide. Our fast track banking process, which employs the use of PIN PADS and allows customers make cash deposits/withdrawals with their Naira MasterCard has also improved transaction processing time, resulting in our customers spending less time in our banking halls.

To ensure we are efficiently positioned to take advantage of customer growth opportunities within the market, we migrated our operational and other technology applications to HP Superdome Servers during the review period. The new servers have the capacity to cater for over 10 million customers and will enable us maintain our competitive advantage, whilst aggressively growing our customer base in the future.

The Management of your Bank also instituted a new Total Quality Management Group during the year, which has oversight responsibilities for replicating the GTBank service experience in all branches pan Nigeria. Our goal is to continue introducing innovative products that will make banking a more convenient experience for our customers and position our brand as the bank of choice for discerning customers.

In line with present day global trends, we continued using social network channels as our preferred medium for interfacing with our various stakeholders. I am proud to inform you that with over 200,000 subscribers, your

bank presently has the largest social network footprint of any African financial institution. The channels surpass traditional platforms in effectiveness because they provide cost effective two way communication mediums through which we get immediate feedback from our stakeholders. The next time you are online, kindly visit http://www.facebook.com/gtbank, to get current information about our activities and tell us how we can serve you better.

Regionally, our banking subsidiaries continued to make their mark in the various African economies wherein they operate by introducing innovative products, offering value adding services and expanding their service points. Guaranty Trust Bank Ghana grew its branch network from 20 to 22 in 2011, while Guaranty Trust Bank Sierra Leone, Gambia and Liberia now have 9, 15 and 3 strategically located branches respectively.

A review of our financial performance for the year shows a cost to income ratio of 50.8%, making us one of the most efficient financial institutions in Nigeria today. Return on Equity for the period was 23.4% while Non Performing Loans form only 3.7% of our Total Loan Book. Gross Earnings for the year grew by 22.7% from the N153.9 billion reported in 2010 to N188.8 billion and we posted a Profit Before Tax of N65.6 billion, 35.4% higher than the N48.5 billion reported for the previous year. Total Assests and Contingents rose by 35.6% from N1.6 trillion to N2.1 trillion, while our shareholders' funds grew from N210.8 billion to N238.8 billion.

This performance would not have been possible without the support of our customers, the determination and passion of our management and staff, the guidance of our Board and the support we continue to enjoy from you, our esteemed shareholders. Together, we shall continue to strive to position Guaranty Trust as the best bank in Africa.

Your Bank received several accolades during the review period for excellent service quality, superior financial performance and sound corporate governance practices.

MANAGING DIRECTOR'S STATEMENT

We were voted the '2011 Best Bank in Nigeria' at the Euromoney Awards for Excellence, the '2011 Best Bank in Nigeria' by the Banker Magazine and the 2011 Best Bank in Nigeria by EMEAFinance. This is the third consecutive time we won the Banker and Euromoney Awards. In addition, we were ranked the Most Customer-Focused Bank (Corporate) for the year by KPMG in its annual Banking Industry Customer Satisfaction Survey. The assessment reviews service quality, financial stability, accessibility to delivery channels, image and reputation, access to credit and pricing of products. KPMG also ranked us as the runner —up for the 2011 Most Customer-Focused Bank (Retail) Award.

We continued to support our host communities in 2011 by ingraining social responsibility as an integral part of our business model and sponsoring numerous projects to improve child education, the Arts, the Environment and Community Development. In this regard, Guaranty Trust Bank sponsored Nigeria's first Seminar on Autism Spectrum Disorders, in a bid to educate the public about the challenges of living with Autism and other special needs.

Our Adopt-a-School programme continues to impact positively in the lives of pupils/students at benefitting institutes of learning. During the review period, we increased the depth of our involvement in the affairs of these institutions and played an active role in their curriculum content and motivational programmes. In this regard, we introduced the GTBank Orange Excellence Award in all adopted schools to encourage the pursuit of excellence and reward exceptional performance at all levels. The schools that benefitted from our adopt-a-school programme in 2011 were St. George's Boys and Girls Schools Falomo Lagos, Baboko Community Secondary School Ilorin, Kwara State, Community Secondary School Nkpolu, Port Harcourt, Government Day Secondary School Shadawanka, Bauchi State and Government Girls Science Secondary School Gwaram, Jigawa State.

Your Bank continued its sponsorship of the Lagos State

Principal's Cup tournament for the third consecutive year. The Principal's Cup is a Lagos State Sponsored football competition that was established in 1940 to foster inter-school relations, promote sporting excellence amongst public schools and identify local football talent at the grassroot level. More than 300 public schools participated in the 2011/2012 edition of the competition. We also sustained our partnership with Special Olympics Nigeria (SONig) and sponsored a Nigerian contingent to the 2011 Special Olympics World Summer Games at Athens, where they won 9 gold, 9 silver and 9 bronze medals.

In furtherance of our support for the Arts, we entered into a strategic partnership with the Tate Gallery UK during the year which is aimed at promoting different genre of African Art to global art communities. This unique collaboration entailed the creation of a dedicated curatorial post at Tate Modern to focus on African Art, the establishment of an acquisition fund to enable the Tate increase its collection of African Art and annual exhibition programmes in London and Africa to expose African talent to the world.

Other Social Responsibility projects we undertook during the year that are worthy of being reported to you, our esteemed shareholders include the renovation and provision of equipment for Massey Street Children's Hospital, Lagos, to enable the pediatric facility continue to provide life saving services for the Lagos citizenry. We also continued our partnership with Students in Free Enterprise (S.I.F.E) to encourage entrepreneurship amongst Nigerian undergraduates by sponsoring the GTBank 'You Think' seminar in 10 universities nationwide.

The essence of our numerous welfare contributions and projects over the years can be traced to a phrase in our mission statement "...adding value to all stakeholders". The greatest gain for us as a reputable institution in 2011 remained our ability to reach out and enrich the lives of our staff, stakeholders and the larger community.

Our people are our most precious assets and your Bank

continued to invest in the welfare and training of staff to better empower them to perform their duties exceptionally, give more than is asked of them and grow in every area of their personal lives. A total sum of N800million was spent on training in 2011, while exceptional employees were duly identified through an objective appraisal process and rewarded accordingly. Our recruitment process also remained devoid of bias, as every legible Nigerian graduate has the opportunity to be part of the Guaranty Trust Bank family. This feeling of being part of a team continues to ensure we have a pool of loyal and dedicated employees that passionately promote our values to other members of society.

Dear Shareholders, 2011 was a successful operating period for our bank. Despite the various challenges we faced during the year and the uncertainties that prevailed in the domestic and global business environment, we still overcame and retained our position as one of the foremost and most profitable financial institutions in Nigeria today.

The success of your bank over the years can largely be credited to consecutive well articulated five (5) year business plans, which have guided our operations since inception. I am pleased to inform you that we undertook a strategy defining exercise during the year and have defined our long term objectives for the next five (5) year period of 2012-2016.

As we look to the future, our singular goal is to create a 'GREAT' African financial brand, which is synonymous with Excellent Banking Service. I know the challenges before us on this journey seem daunting, but we are determined to get to our destination and will work harder than we have in preceding years.

We are confident that with your support we shall

continue to delight our customers, maintain matchless service standards and report exceptional financial performance in 2012.

We believe that with your partnership in the coming years, we will definitely succeed in getting to our destination...GREATNESS.

Thank you.

J. K. Ag bosse Segun Agbaje

Managing Director/CEO Guaranty Trust Bank plc

Corporate Governance

Introduction

Guaranty Trust Bank plc ("the Bank") has over the years built an enviable reputation as an institution which has consistently adopted, implemented and applied international best practices in corporate governance, service delivery and value creation for all its stakeholders.

The Bank's corporate governance principles are embodied in its Code of Corporate Governance ("the Code") which represents the core values upon which the Bank was founded and is designed to ensure accountability of the Board and Management to stakeholders. For the Bank, good corporate governance goes beyond just adhering to rules and policies of the regulators, it is about consistently going the extra mile to create excellent value for our stakeholders using the best possible principles within a sustainable and enduring system.

As a company publicly quoted on The Nigerian Stock Exchange with Global Depositary Receipts (GDRs) listed on the London Stock Exchange, the Bank remains focused on its responsibilities and commitment to protect and increase shareholder value through transparent corporate governance practices which imbibe local regulatory standards as well as international best practices. The Bank ensures compliance with the Code of Corporate Governance for Public Companies issued by the Securities and Exchange Commission with effect from April, 2011 ("the SEC Code"), the Code of Corporate Governance for Banks in Nigeria Post Consolidation issued by the Central Bank of Nigeria ("the CBN Code"), as well as disclosure requirements under the Disclosure and Transparency Rules of the Financial Services Authority (FSA), United Kingdom, which are applicable to non-United Kingdom companies with Global Depositary Receipts (GDRs) listed on the London Stock Exchange.

In order to remain a pace setter in the area of good corporate governance practices, the Bank continuously reviews its Code to align with additional legal and regulatory requirements and global best practices. Accordingly, the Bank reviewed its Code during the

financial year to align with additional disclosure requirements under the revised SEC Code.

In compliance with the requirements of the Central Bank of Nigeria (CBN), the Bank undertakes monthly internal reviews of its compliance status with defined corporate governance practices and submits reports on the Bank's compliance status to the CBN and the Nigeria Deposit Insurance Corporation. An annual Board Appraisal is also conducted by an Independent Consultant appointed by the Bank whose report is submitted to the CBN and presented to Shareholders at the Annual General Meeting of the Bank in compliance with the provisions of the CBN Code.

Governance Structure

The Board

The ultimate responsibility for the governance of the Bank resides with the Board of Directors which is accountable to shareholders for creating and delivering sustainable value through the management of the Bank's business. The Board is also responsible for the management of the Bank's relationship with its various stakeholders.

The business of the Bank is driven by the Board of Directors which exercises its oversight functions through its various Committees, namely, Board Risk Management Committee, Board Credit Committee, Board Human Resources and Remuneration Committee and the Audit Committee of the Bank.

Through these Committees, interactive dialogue is employed to set broad policy guidelines, and to ensure the proper management and direction of the Bank on a regular basis.

The Board comprises fourteen members, eight (8) of whom are Non-Executive Directors (including the Chairman of the Board), while six (6) are Executive Directors. Two (2) of the Non-Executive Directors are "Independent Directors", appointed based on criteria laid down by the CBN for the appointment of

Independent Directors and the core values enshrined in the Bank's Code of Corporate Governance. Both Independent Directors do not have any significant shareholding interest or any special business relationship with the Bank.

The effectiveness of the Board derives from the appropriate balance and mix of skills and experience of Directors, both Executive and Non-Executive. The Bank's Board is made up of a crop of seasoned professionals, who have excelled in their various professions including banking, accounting, oil and gas as well as law, and possess the requisite integrity, skills and experience to bring to bear independent judgment on the deliberations of the Board.

The Board meets quarterly and additional meetings are convened as required. Material decisions may be taken between meetings by way of written resolutions, as provided for in the Articles of Association of the Bank. The Directors are provided with comprehensive group information at each of the quarterly Board meetings and are also briefed on business developments between Board meetings. The Board met five (5) times during the year ended December 31, 2011.

Responsibilities of the Board

The Board determines the strategic objectives and policies of the Bank to deliver long-term value by providing overall strategic direction within a framework of rewards, incentives and controls. The Board also ensures that Management strikes an appropriate balance between promoting long-term growth and delivering short-term objectives. In fulfilling its primary responsibility, the Board is aware of the importance of achieving a balance between conformance to governance principles and economic performance.

The Board regularly reviews group performance, matters of strategic concern and any other matter it regards as material.

Powers reserved for the Board include the approval of

quarterly, half-yearly and full year financial statements (whether audited or unaudited) and any significant change in accounting policies and/or practices; appointment or removal of Company Secretary; approval of major change to the Bank's corporate structure (excluding internal reorganizations) and changes relating to the Bank's capital structure or its status as a public limited company; the determination and approval of the strategic objectives and policies of the Bank to deliver long-term value; approval of the Bank's strategy, medium and short term plan and its annual operating and capital expenditure budget; recommendation to shareholders of the appointment or removal of auditors and the remuneration of Auditors; approval of resolutions and corresponding documentation for shareholders in general meeting(s), shareholders circulars, prospectus and principal regulatory filings with the regulators.

Other powers reserved for the Board are the determination of Board structure, size and composition, including appointment and removal of Directors, succession planning for the Board and senior management and Board Committee membership; approval of mergers and acquisitions, branch expansion and establishment of subsidiaries; approval of remuneration policy and packages of the Managing Director and other Board members, appointment of the Managing Director and other Directors of subsidiaries nominated by the Bank; approval of the Board performance evaluation process, corporate governance framework and review of the performance of the Managing Director; approval of policy documents on significant issues including Enterprise-wide Risk Management, Human Resources, Credit, Corporate governance and Anti – Money laundering, and approval of all matters of importance to the Bank as a whole because of their strategic, financial, risk or reputational implications or consequences.

Roles of Chairman and Chief Executive

The roles of the Chairman and Chief Executive are separate and no one individual combines the two positions. The Chairman's main responsibility is to lead

CORPORATE GOVERNANCE

and manage the Board to ensure that it operates effectively and fully discharges its legal and regulatory responsibilities. The Chairman is responsible for ensuring that Directors receive accurate, timely and clear information to enable the Board take informed decisions: monitor effectively and provide advice to promote the success of the Bank. The Chairman also facilitates the contribution of Directors and promotes effective relationships and open communications between Executive and Non-Executive Directors, both inside and outside the Boardroom.

The Board has delegated the responsibility for the day-to-day management of the Bank to the Managing Director/Chief Executive Officer, who is supported by Executive Management, comprising the Executive Directors. The Managing Director executes the powers delegated to him in accordance with guidelines approved by the Board of Directors. Executive Management is accountable to the Board for the development and implementation of strategies and policies.

Director Nomination Process

The Criteria for the desired experience and competencies of new Directors is agreed upon by the Board.

The balance and mix of appropriate skills and experience of Non-Executive Directors is taken into account when considering a proposed appointment. In reviewing Board composition, the Board ensures a mix with representatives from different industry sectors.

The following core values are considered critical in nominating a new Director;

- (i) Integrity
- (ii) Professionalism
- (iii) Career Success
- (iv) Recognition
- (v) Ability to add value to the Bank.

Shareholding in the Bank is not considered a criterion for

the nomination or appointment of a Director. The appointment of Directors is subject to the approval of the Central Bank of Nigeria.

Induction and Continuous Training

On appointment to the Board and to Board Committees, all Directors receive a formal induction tailored to meet their individual requirements.

The induction, which is arranged by the Company Secretary, may include meetings with senior management staff and key external advisors, to assist Directors in building a detailed understanding of the Bank's operations, its strategic plan, its business environment, the key issues the Bank faces, and to introduce Directors to their fiduciary duties and responsibilities.

Directors are also encouraged to make site visits to see the Bank's operations first hand.

Training and education of Directors on issues pertaining to their oversight functions is a continuous process, in order to update their knowledge and skills and keep them informed of new developments in the Bank's business and operating environment. The Bank attaches great premium to training its Directors. Each Non-Executive Director attended both foreign and local courses during the financial period ended December 31, 2011.

Changes on the Board

The erstwhile Managing Director/Chief Executive Officer of the Bank, Mr. Tayo Aderinokun passed away on June 14, 2011. Mr. Aderinokun served the Bank as Managing Director/Chief Executive Officer from 2002 till his demise in June, 2011. He had earlier served as Deputy Managing Director for twelve (12) years from the inception of the Bank in 1990 till 2002.

In line with the Bank's well defined succession plan, Mr. Segun Agbaje was appointed as Managing

Director/Chief Executive Officer on June 22, 2011. Before his appointment as Managing Director, Mr. Agbaje had served as an Executive Director from January 2000 and as Deputy Managing Director from 2002.

In a bid to rejuvenate the Board at Executive Management level and put in place an enduring Succession Plan for the Bank, Mr. Jide Ogundare, Mrs. Titi Osuntoki and Mr. Akin George-Taylor retired as Executive Directors of the Bank with effect from October 19, 2011. The Board, with the approval of the Central Bank of Nigeria, appointed Mr. Demola Odeyemi, Mr. Ohis Ohiwerei, Mrs. Tola Omotola and Mr. Wale Oyedeji as Executive Directors of the Bank to fill the vacancies created by the said resignations.

Profile of the new Executive Directors.

Mr. Demola Odeyemi – Executive Director and Chief Financial Officer

Mr. Demola Odeyemi is a Chartered Accountant (Fellow), graduate member of the Chartered Institute of Stockbrokers of Nigeria, and a Chartered member of the Institute of Taxation in Nigeria. He holds a First Class Honours degree (B.Ed) in Social Studies from Obafemi Awolowo University (1990), a Master of Science Degree in Tests, Measurement and Statistics which he finished with a distinction average in 1992, and a Doctorate in Tests, Measurement and Statistics from the same university in 2011.

With career spanning over 19 years in the areas of Accounting, Financial Control, Strategy Development and Tax Audit, Mr. Odeyemi is the Chief Financial Officer of the Bank responsible for International expansion and Group Coordination of the Bank's subsidiaries.

He joined Guaranty Trust Bank Plc in 1997 and worked in the Financial Control Unit until March 2000 when he left the Bank to work in other institutions. He returned to the Bank in 2003. He serves as a Non-Executive Director on the boards of

Guaranty Trust Bank (Ghana) Limited, Guaranty Trust Bank (United Kingdom) Limited, Guaranty Trust Bank (Liberia) Limited. He is also a Non-Executive Director on the boards of Terra Kulture Nigeria Limited, Sokoa Chair Centre Limited and 3 Peat Investment Limited, all companies in which the Bank has investments under the Small and Medium Industries Equity Investments (SMIEI) Scheme.

2. Mr. Ohis Ohiwerei - Executive Director and Divisional Head, Commercial Banking, Lagos Division and Public Sector

Mr. Ohiwerei holds a Bachelor of Engineering degree from the University of Benin (1988) and a Master of Business Administration degree from the same school in 1991. More recently, he has attended the Advanced Management Program at Harvard Business School.

His career spans over 19 years in core banking, out of which he served as Executive Director and Chief Financial Officer of a bank prior to joining Guaranty Trust Bank Plc. He is exposed to managing risks associated with banking across multicurrency and multicultural countries, and was a critical part of the regional treasury audit team of his previous bank of employment.

Mr. Ohiwerei is the Executive Director responsible for Commercial Banking, Lagos Division and Public Sector.

3. Mrs. Olutola Omotola – Executive Director, Corporate Services Division and Company Secretary

Mrs. Tola Omotola obtained a Bachelor of Laws (LL.B) degree from the Obafemi Awolowo University, lle-Ife in 1987, graduating at the top of her class, and obtained the professional certification of Barrister at Law (BL) from the Nigerian Law School in 1988. She holds Masters Degrees in both Law and Business Administration from University of Lagos and Obafemi Awolowo University, Ile-Ife,

respectively. She is a Fellow of the Institute of Chartered Secretaries and Administrators, United Kingdom and an Honorary Member of Council of the Institute of Chartered Secretaries and Administrators of Nigeria.

Her career spans over 20 years in Company Secretariat and Legal Advisory Services, having served as Company Secretary and Legal Adviser in some banks prior to joining the Bank. She joined the Bank as the Legal Adviser in July 2006 and was subsequently appointed as the Company Secretary /Legal Adviser in June 2007.

As the Divisional Head of Corporate Services Division, Mrs. Omotola is responsible for running the Legal Group, General Administration Group, Procurement Group and Total Quality Management Group of the Bank. She is also the Company Secretary of the Bank and serves as a Non-Executive Director on the board of Guaranty Trust Bank (Gambia) Limited.

4. Mr. Wale Oyedeji – Executive Director and Head, Corporate Banking Group

Mr. Wale Oyedeji holds a Bachelors of Science degree in Agricultural Economics from the University of Ibadan (1990) and Master of Science degree in Financial Economics from the University of London in 2001. He is also a Fellow of the Institute of Chartered Accountants of Nigeria (ICAN) and an associate of the Chartered Institute of Taxation.

With career spanning over 19 years in the areas of Accounting, Corporate Banking, Treasury and Commercial Banking, Wale was the Managing Director of Guaranty Trust Bank (United Kingdom) Limited, the Bank's United Kingdom subsidiary from September 2008 to September 2011. He is currently a Non-Executive Director of Guaranty Trust Bank (United Kingdom) Limited.

All the new Executive Directors are in their 40s and reside in Nigeria.

The said Executive Directors will be presented to shareholders at the 22nd Annual General Meeting of the Bank for approval.

Non-Executive Directors' Remuneration

The Bank's policy on remuneration of Non-Executive Directors is guided by the provisions of the CBN Code which stipulates that Non-Executive Directors' remuneration should be limited to sitting allowances, Directors' fees and reimbursable travel and hotel expenses.

Details of remuneration paid to Executive and Non-Executive Directors is contained in Note 10 of this Annual Report.

Board Committees

The Board carries out its responsibilities through its Standing Committees, which have clearly defined terms of reference, setting out their roles, responsibilities, functions and scope of authority. The Board has four (4) Standing Committees, namely; Board Risk Management Committee, Board Credit Committee, Board Human Resources and Remuneration Committee and the Audit Committee of the Bank.

Through these Committees, the Board is able to more effectively deal with complex and specialized issues, and to fully utilize its expertise to formulate strategies for the Bank. The Committees make recommendations to the Board, which retains responsibility for final decision making.

All Committees in the exercise of their powers so delegated conform to the regulations laid down by the Board, with well defined terms of reference contained in the Charter of each Committee. The Committees render reports to the Board at the Board's quarterly meetings.

A summary of the roles, responsibilities, composition and frequency of meetings of each of the Committees are as stated hereunder:

Board Risk Management Committee

This Committee is tasked with the responsibility of setting and reviewing the Bank's risk policies. The coverage of supervision includes the following: credit risk, reputation risk, operations risk, technology risk, market and rate risks, liquidity risk and other pervasive risks as may be posed by the events in the industry at any point in time.

The Terms of Reference of the Board Risk Management Committee include:

- 1. To review and recommend for the approval of the Board, the Bank's Risk Management Policies including the risk profile and limits;
- 2. To determine the adequacy and effectiveness of the Bank's risk detection and measurement systems and controls:
- 3. To evaluate the Group's internal control and assurance framework annually, in order to satisfy itself on the design and completeness of the framework relative to the activities and risk profile of the Bank and its subsidiaries;
- 4. To oversee Management's process for the identification of significant risks across the Bank and the adequacy of risk mitigation, prevention, detection and reporting mechanisms;
- 5. To review and recommend to the Board for approval, the contingency plan for specific risks;
- 6. To conduct quarterly review of the Bank's central liability report and summary of criticized loans with the concurrent power of recommending the adequacy of the reserves for loan losses and approving possible charge-offs to the Board;
- 7. To review the Bank's compliance level with applicable laws and regulatory requirements which may impact on the Bank's risk profile;

- 8. To conduct periodic review of changes in the economic and business environment, including emerging trends and other factors relevant to the Bank's risk profile;
- 9. To handle any other issue referred to the Committee from time to time by the Board.

The Chief Risk Officer of the Bank presents regular briefings to the Committee at its meetings.

The Committee meets quarterly and additional meetings are convened as required. The Committee met four (4) times in the financial year ended December 31, 2011.

The Board Risk Management Committee comprised the following members during the period under review:

S/n	Name/Designation	Status
1.	Mr. Egbert Imomoh Non-Executive Director	Chairman
2.	Mr. Tayo Aderinokun (Deceased) ¹ Managing Director (Former)	Member
3.	Mr. Segun Agbaje ³ Managing Director	Member
4.	Mr. Andrew Alli Non-Executive (Independent) Director	Member
5.	Mrs. Stella Okoli Non-Executive Director	Member
6.	Mr. Babajide Ogundare ² Executive Director	Member
7.	Mrs. Titilayo Osuntoki ² Executive Director	Member
8.	Mr. Demola Odeyemi ³ Executive Director	Member
9.	Mrs Olutola Omotola ³ Executive Director	Member

- 1. Deceased on June 14, 2011
- 2. Resigned from the Board with effect from October 19, 2011
- 3. Appointed to the Board Risk Management Committee with effect from November, 2011

Board Credit Committee

This Committee is responsible for approval of credit facilities in the Bank. The Terms of Reference of the Board Credit Committee include:

- 1. To consider and approve specific loans above the Management Credit Committee's authority limit, as determined by the Board from time to time;
- 2. To review Management Credit Committee's authority level as and when deemed necessary and recommend new levels to the Board for consideration;
- To conduct quarterly review of credits granted by the Bank to ensure compliance with the Bank's internal control systems and credit approval procedures;
- 4. To notify all Director related loans to the Board;
- 5. To monitor and notify the top debtors to the attention of the Board;
- 6. To review the Bank's internal control procedures in relation to credit risk assets and ensure that they are sufficient to safeguard the quality of the Bank's risk assets;
- 7. To review the Asset and Liability Management of the Bank:
- 8. To ensure that the Bank complies with regulatory requirements regarding the grant of credit facilities;
- 9. To handle any other issue referred to the Committee from time to time by the Board.

In view of the volume of transactions that require Board Credit Committee approvals, there are instances where the need arises for credits to be approved by members expeditiously between Board Credit Committee Meetings. Such urgent credits are circulated amongst the members for consideration and approval in line with a defined procedure that ensures that all members of the Committee are furnished with full information on such credits. All credits considered as "Large Exposures" as defined by the Board of Directors from time to time are considered and approved by the Board Credit Committee at a special meeting convened for that purpose.

The Board Credit Committee meets at least once in each quarter. However, additional meetings are convened as required. The Committee met five (5) times during the the financial year ended December 31, 2011.

The Board Credit Committee is made up of the following members:

S/n	Name/Designation	Status
1.	Mr. Akindele Akintoye Non-Executive (Independent) Director	Chairman
2.	Mr. Segun Agbaje * Managing Director	Member
3.	Mrs. Cathy Echeozo Deputy Managing Director	Member
4.	Mr. Adebayo Adeola Non-Executive Director	Member
5.	Mr. Olabode Agusto Non-Executive Director	Member
6.	Mr. Ibrahim Hassan Executive Director	Member
7.	Mr. Akinola George-Taylor ¹ Executive Director	Member
8.	Mr. Ohis Ohiwerei ² Executive Director	Member
9.	Mr. Wale Oyedeji ² Executive Director	Member

- * Ceased to be a member of the Committee in November, 2011
- 1. Retired from the Bank with effect from October 19, 2011
- 2. Appointed as Director with effect from October 19, 2011 and member of the Board Credit Committee in November 2011.

Board Human Resources and Remuneration Committee

The Board Human Resources and Remuneration Committee is responsible for the approval of the remuneration of the Executive Directors (including the Managing Director and Deputy Managing Director). The Committee is also responsible for the oversight of strategic people issues, including employee retention, equality and diversity as well as other significant employee relations matters.

The Board Human Resources and Remuneration Committee is made up of all Non-Executive Directors of the Bank (excluding the Chairman of the Board) as listed below:

S/n	Name	Status
1	Mr. Andrew Alli	Chairman
2	Mr. Egbert Imomoh	Member
3	Mr. Akindele Akintoye	Member
4	Mr. Adebayo Adeola	Member
5	Mr. Olabode Agusto	Member
6	Mr. Ibrahim Hassan	Member
7	Mrs. Stella Okoli	Member

The Committee met six (6) times during the 2011 financial year.

Audit Committee of the Bank

This Committee is responsible for ensuring that the Bank complies with all the relevant policies and procedures both from the regulators and as laid-down by the Board of Directors. Its major functions include the approval of the annual audit plan of the internal auditors, review and approval of the audit scope and plan of the external auditors, review of the audit report on internal weaknesses observed by both the internal and external auditors during their respective examinations and to ascertain whether the accounting and reporting policies of the Bank are in accordance with legal requirements and agreed ethical practices.

The Committee also reviews the Bank's annual and

interim financial statements, particularly the effectiveness of the Bank's disclosure controls and systems of internal control as well as areas of judgment involved in the compilation of the Bank's results. The Committee is responsible for the review of the integrity of the Bank's financial reporting and oversees the independence and objectivity of the external auditors. The Committee has access to external auditors to seek explanations and additional information, while the internal and external auditors have unrestricted access to the Committee, which ensures that their independence is in no way impaired.

The Committee is made up of three (3) Non-Executive Directors and three (3) shareholders of the Bank appointed at Annual General Meetings, while the Chief Inspector of the Bank serves as the secretary to the Committee. The membership of the Committee at the Board level is based on relevant experience of the Board members, while one of the shareholders serves as the Chairman of the Committee.

The external auditors are invited from time to time to attend the Meetings of the Committee. The Chief Financial Officer and appropriate members of Management also attend the meetings upon invitation. The Committee meets at least quarterly. The Audit Committee of the Bank met five (5) times during the period.

The following members served on the Committee during the financial year ended December 31, 2011:

S/n	Name/Designation	Status	Attendance
1.	Mr. Mobolaji Fatai Lawal Shareholders' Representative	Chairman	5
2.	Alhaji Mohammed Usman Shareholders' Representative	Member	5
3.	Mrs. Sandra Mbagwu-Fagbemi Shareholders' Representative	Member	5
4.	Mr. Andrew Alli Non-Executive (Independent) Director	Member	5
5.	Mr. Olabode Agusto Non-Executive Director	Member	5
6.	Mr. Ibrahim Hassan Executive Director	Member	5

Tenure of Directors

In order to ensure both continuity and injection of fresh ideas, the tenure for Non-Executive Directors is limited to a maximum of three (3) terms of four (4) years each, i.e. twelve (12) years whilst the maximum tenure for Independent Non-Executive Directors is limited to a maximum of two (2) terms of four (4) years each, i.e. eight (8) years.

Board Appraisal

In the Bank's customary manner of imbibing the best corporate governance practices, the Board engaged an Independent Consultant, J. K. Randle International, to carry out the annual Board and Directors appraisal for the 2011 financial year. The annual appraisal covered all aspects of the Board's structure, composition, responsibilities, processes, relationships, individual

members' competencies and respective roles in the Board performance, as well as the Bank's compliance status with the provisions of the CBN and SEC Codes.

The Independent Consultant adjudged the performance of the Board as outstanding and rated the performance of each individual Director as well above requirements.

Shareholders

The General Meeting of the Bank is the highest decision making body of the Bank. The Bank's General Meetings are conducted in a transparent and fair manner. Shareholders have the opportunity to express their opinions on the Bank's financial results and other issues affecting the Bank. The Annual General Meetings are attended by representatives of regulators such as the Central Bank of Nigeria, the Securities and Exchange Commission, The Nigerian Stock Exchange, Corporate Affairs Commission as well as representatives of Shareholders' Associations.

The Bank has an Investors Relations Unit, which deals directly with enquiries from shareholders and ensures that shareholders' views are escalated to Management and the Board. In addition, quarterly, half-yearly and annual financial results are published in widely read national newspapers.

The Bank ensures that institutional investors and international holders of the Global Depositary Receipts get frequent updates on the Bank's progress via interactive conference calls, local and international investor presentations and meetings. These conference calls and investor meetings provide our investors with direct access to senior and executive Management.

Protection of Shareholders Rights

The Board ensures the protection of the statutory and general rights of shareholders at all times, particularly their right to vote at General Meetings. All shareholders are treated equally, regardless of volume of shareholding or social status.

Communication Policy

The Board and Management of the Bank ensures that communication and dissemination of information regarding the operations and management of the company to shareholders, stakeholders and the general public is timely, accurate and continuous, to give a balanced and fair view of the Bank's financial and non-financial matters. Such information, which is in plain language, readable and understandable, is available on the Bank's website, www.gtbank.com. The website is constantly updated with information as events occur.

The website also has an Investors Relations portal where the Bank's annual reports and other relevant information about the company is published and made accessible to its shareholders, stakeholders and the general public.

The main objective of the Bank's Communication Policy is to support the Bank in achieving the overall goals described in the Bank's core values which strengthens the Bank's culture of transparency in pursuit of best corporate governance practices.

In order to reach its overall goal on information dissemination, the Bank is guided by the following principles:

- (I) Compliance with Rules and Regulations: The Bank complies with the legislation and codes of corporate governance of the jurisdictions within which it operates. These include the Banks and other Financial Institutions Act (BOFIA), the Companies and Allied Matters Act (CAMA) and the codes of Corporate Governance issued by the Central Bank of Nigeria as well as the Securities and Exchange Commission, the United Kingdom Listing Authority ("UKLA") (by virtue of the listing of Global Depositary Receipts by the Bank on the London Stock Exchange in July 2007) applicable to non-UK companies with GDRs listed on the London Stock Exchange;
- (ii) Efficiency: The Bank uses modern communication

technologies in a timely manner to convey its messages to its target groups. Synergies are sought when it comes to using different communication channels. The Bank replies without unnecessary delay to information requests by the media and the public;

- (iii) Transparency: As an international financial institution, the Bank strives in its communication to be as transparent and open as possible while taking into account the concept of confidentiality between the Bank and its customers. This contributes to maintaining a high level of accountability;
- (iv) Proactivity: The Bank proactively develops contacts with its target groups and identifies topics of possible mutual interest;
- (v) Clarity: The Bank aims at clarity, i.e. to send uniform and clear messages on key issues;
- (vi) Cultural awareness: As an international financial institution, the Bank operates in a multicultural environment and accordingly recognizes the need to be sensitive to the cultural peculiarities of its operating environment;
- (vii) Feedback: The Bank actively and regularly seeks feedback on its image and communication activities both from the media as well as from its key target groups. This feedback is used to fine-tune communication activities.

Information Flows

It is the responsibility of Executive Management under the direction of the Board, to ensure that the Board receives adequate information on a timely basis, about the Bank's businesses and operations at appropriate intervals and in an appropriate manner, to enable the Board to carry out its responsibilities.

The Company Secretary

The Company Secretary provides a point of reference and support for all Directors. The Company Secretary also consults regularly with Directors to ensure that they receive required information promptly. The Board may obtain information from external sources, such as consultants and other advisers, if there is a need for outside expertise, via the Company Secretary or directly.

The Company Secretary is also responsible for assisting the Board and Management in the implementation of the Code of Corporate Governance of the Bank, coordinating the orientation and training of new Directors and the continuous education of Non-Executive Directors; assisting the Chairman and Managing Director to formulate an annual Board Plan and with the administration of other strategic issues at the Board level; organizing Board meetings and ensuring that the minutes of Board meetings clearly and properly capture Board's discussions and decisions.

Independent Advice

Independent professional advice is available, on request, to all Directors at the Bank's expense when such advice is required to enable a Member of the Board effectively perform certain responsibilities.

The Bank meets the costs of independent professional advice obtained jointly or severally by a Director or Directors where such advice is necessary to enable the obligations imposed on an individual, through membership of the Board, to be properly fulfilled.

Insider Trading and price sensitive information

Directors, insiders and their related persons in possession of confidential price sensitive information ("insider information") are prohibited from dealing with the securities of the Bank where such would amount to insider trading. Directors, insiders and related parties are prohibited from disposing, selling, buying or transferring their shares in the Bank for a period commencing from

CORPORATE GOVERNANCE

CC

the date of receipt of such insider information until such a period when the information is released to the public or any other period as defined by the Bank from time to time.

Management Committees

These are Committees comprising senior management staff of the Bank. The Committees are risk driven as they are basically set up to identify, analyze, synthesize and make recommendations on risks arising from day to day activities of the Bank. They also ensure that risk limits as contained in the Board and Regulatory policies are complied with at all times. They provide inputs for the respective Board Committees and also ensure that recommendations of the Board Committees are effectively and efficiently implemented. They meet as frequently as necessary to immediately take action and decisions within the confines of their powers.

The standing Management Committees in the Bank are:

- Management Risk Committee;
- Management Credit Committee;
- Criticized Assets Committee:
- Assets and Liability Management Committee.

Management Risk Committee

This Committee is responsible for regular analysis and consideration of risks in the Bank. The Committee meets from time to time and at least quarterly. However, additional meetings may be held if required. The Committee reviews and analyses environmental issues and policies impacting either directly or remotely on the Bank, brainstorms on such issues and recommends steps to be taken by the Bank. The Committee's approach is risk based.

The Committee provides inputs for the Board Risk Management Committee and also ensures that the

decisions and policies emanating from the Committee's meetings are implemented.

Management Credit Committee

This is the Committee responsible for ensuring that the Bank complies fully with the Credit Policy Guide as laid down by the Board of Directors. The Committee also provides inputs for the Board Credit Committee. This Committee reviews and approves credit facilities to individual obligors not exceeding an aggregate sum to be determined by the Board from time to time. The Management Credit Committee is responsible for reviewing and approving all credits that are above the approval limit of the Managing Director as determined by the Board. The Committee reviews the entire credit portfolio of the Bank and conducts periodic assessment of the quality of risk assets in the Bank. It also ensures that adequate monitoring of credits is carried out. The Committee meets weekly depending on the number of credit applications to be considered.

The secretary of the Committee is the Head of the Credit Administration Unit of the Bank.

Criticized Assets Committee

This Committee is responsible for the assessment of the risk asset portfolio of the Bank. It highlights the status of the Bank's assets in line with the internal and external regulatory framework, and directs appropriate actions in respect of delinquent assets. The Committee ensures that adequate provisions are taken in line with the regulatory guidelines. The members of the Committee include the Managing Director, the Executive Directors, and other relevant Senior Management Staff of the Bank.

Assets and Liability Management Committee

This Committee is responsible for the management of a variety of risks arising from the Bank's business including market and liquidity risk management, loan to deposit ratio analysis, cost of funds analysis, establishing

guidelines for pricing on deposit and credit facilities, exchange rate risks analysis, balance sheet structuring, regulatory considerations and monitoring of the status of implemented assets and liability strategies. The members of the Committee include the Managing Director, Executive Directors, the Treasurer, the Head of the Financial Control Group, the Chief Risk Officer as well as a representative of the Assets and Liability Management Unit.

Monitoring Compliance with Corporate Governance

Chief Compliance Officer

The Chief Compliance Officer monitors compliance with anti-money laundering requirements and the implementation of the Code of Corporate Governance of the Bank.

The Chief Compliance Officer together with the Chief Executive of the Bank certify each year to the Central Bank of Nigeria that they are not aware of any other violation of the Corporate Governance Code, other than as disclosed to the CBN during the course of the year.

The Company Secretary and the Chief Compliance Officer forward monthly returns to the Central Bank of Nigeria on all whistle-blowing reports and corporate governance breaches.

Whistle Blowing procedures

In line with the Bank's commitment to instil the best corporate governance practices, the Bank has established a whistle blowing procedure that ensures anonymity. The Bank has two (2) hotlines and a dedicated e-mail address for whistle-blowing procedures. The hotline numbers are 01-4480905 and 01- 4480906, and the email address is hotline@gtbank.com

Internally, the Bank has a direct link on its Intranet (internal web page) for dissemination of information, to enable members of staff report all identified breaches of the Bank's Code of Corporate Governance.

Code of Professional Conduct for Employees

The Bank has an internal Code of Professional Conduct which all members of staff are expected to subscribe to upon assumption of duties. Staff are also required to reaffirm their commitment to the Bank's Code of Professional Conduct annually.

All members of staff are expected to strive to maintain the highest standards of ethical conduct and integrity in all aspects of their professional life as contained in the Code of Professional Conduct which prescribes the common ethical standards, policies and procedures of the Bank relating to employee values.

Human Resources Policy

The Human Resources policy of the Bank is contained in the Directors' Report on page 44 of this Annual Report.

Employee Share-ownership Scheme

The Bank has in place an employee share ownership scheme called the Staff Investment Trust (SIT) Scheme. Under the Bank's Articles of Association, the Scheme is authorized to hold up to a specified percentage of ordinary shares of the Bank for the benefit of eligible employees of the Bank.

The scheme was established for the benefit of the Bank's staff as an incentive mechanism, by enabling eligible staff invest in ordinary shares of the Bank at a discount (the prevailing Net Assets Value (NAV)), and buying-back their stock from the Bank at the market price, subject to attaining a determined length of service at the point of disengagement from the Bank.

Internal Management Structure

The Bank operates an internal management structure where all officers are accountable for duties and responsibilities attached to their respective offices and there are clearly defined and acceptable lines of authority and responsibility.

SUSTAINABILITY REPORTING

SI

Sustainability is embedded in our corporate DNA. As a first-class financial services provider with an internal obligation to comply with international best practices, the bank has always ensured that its lending activities comply with international performance standards and applicable national environmental and social regulations. This helped us to attract on-lending facilities from international finance institutions very early in our corporate life.

We continue to build internal capacity in managing the social and environmental aspects of our operations, guided by a comprehensive Sustainability Policy. We conduct environmental and social due diligence on major credit requests, benchmarking them against performance standards of reputable international finance institutions. This process provides a solid base upon which we identify new opportunities to grow our businesses, and build our competitive advantage in the marketplace. These performance standards also ensure that Guaranty Trust Bank's conduct also influences its customers and other stakeholders.

As our corporate strategic aspirations grow, we remain proudly African with an international outlook. We are committed to the creation of long term value for all our stakeholders by measuring the impact of our activities on the economies and communities where we operate but also the external environmental outcomes of transactions funded by the bank. We will partner with our clients, customers, regulators and communities in analysing our individual and collective environmental and social risks with a view to avoiding or reducing adverse impacts.

We will continue to be transparent in our conduct and operations; learning and improving on our sustainability journey. This report provides a summary of our efforts in environmental and corporate social responsibility activities over the past year and our future priorities. The report has been developed with reference to the Global Reporting Initiative (G3) Guidelines.

As we set stretch goals for ourselves over the coming years, we pledge to measure our successes through the prism of sustainability. We invite you to join us as partners with an independent voice.

Details of Guaranty Trust Bank's Sustainability Report are contained in our upcoming 2012 Sustainability Report.

Introduction

Guaranty Trust Bank plc considers customers as critical stakeholders in its business. The Bank's main selling point over the years has always been excellent customer service. We therefore consider customers' feedback as a necessary and important factor in our drive to always treat customers fairly.

Complaints channels

In recognition of this, the Bank has provided various channels for its customers to provide feedback to the Bank on its products and services. These platforms include:

- The service desk plus platform on the Bank's website,
- Correspondence from customers;
- SMS Unhappy platform.

Customers can also visit to any of the Bank's branches and provide the feedback.

Resolution structure

The Bank has put in place a structure to ensure that customers' feedback are received and promptly resolved. The Bank has a dedicated Complaints Unit which is responsible for the prompt investigation and resolution of customers' complaints within the approved period. The Complaints Unit liaises with other units in the Bank and ensures that customers' complaints are satisfactorily resolved.

Customers' complaints are stream-lined based on the type of complaints to provide an enabling environment for proper monitoring, proper documentation and effective feedback process of received complaints.

The process flow of customer complaint and resolution is as follows:

- The receiving point of a customer's complaint acknowledges the received complaint.
- The complaint is reviewed and it is determined if the complaint could be resolved at first-level.
- Where the complaint can be resolved at the first level, a resolution is provided to the customer.
- If such complaint cannot be resolved at the first level, the receiving point forwards the complaint to the appropriate unit in the Bank to handle.
- Upon resolution, the customer is contacted and the resolution is explained to the customer.
- The complaint is closed and marked as resolved.

Customers' opinion on products

The Bank also periodically evaluates public/customer opinion about our services, products and policies. The evaluation is conducted in various ways including:

- One-on-one focus meetings with key customers.
- Interviews with select customers.
- Opinion cards placed in banking halls
- Questionnaires administered to customers.

This is to afford the Bank the opportunity of receiving customers' perception about the Bank, in order to ensure that efforts can be put in place to close such gap in our service delivery or improve upon the process, service or product.

Feedback on customers' complaints to the Bank

Feedback on customers' complaints is provided to Management, the relevant Units and Groups in the Bank to ensure that complaints and issues raised by customers do not reoccur.

COMPLAINTS AND FEEDBACK

The feedback gathered ensures that:

- The Bank retains her customers as customers feel appreciated and respected,
- The quality service delivery of the Bank is maintained and made uniform across board;
- A reliable source of identifying improvement opportunities is presented to management;

• A reliable source of data on customers' complaints and expectations is collated.

The feedbacks are circulated to all staff through the Bank's internal information channel for the general information of all staff.

In addition, the Bank provides monthly reports to the Central Bank of Nigeria (CBN) in line with the CBN's guidelines on resolution of customers' complaints.

Report of Complaints received and resolved by the Bank between October-December 2011 pursuant to CBN circular dated August 16, 2011.

Month	Number of Complaints Received during the period	Number Resolved	Number not resolved but reported to CBN for Intervention	Total Disputed Amounts
OCTOBER	481	433	Nil	Nil
NOVEMBER	407	368	Nil	Nil
DECEMBER	261	229	Nil	Nil
TOTAL	1,149	1,030*	Nil	Nil

^{*} Outstanding complaints are International dispense errors or International card unauthorised transactions that are yet to be resolved. It usually takes a minimum of 45 workings days to resolve these cases, hence their outstanding status.

INTERNAL CONTROL AND RISK MANAGEMENT SYSTEMS IN RELATION TO THE FINANCIAL REPORTING

Internal control and Risk Management Systems in relation to the financial reporting

Guaranty Trust Bank's internal control and risk management systems ensure that material errors or inconsistencies in the financial statements are identified and corrected. The internal control and risk management systems comprise the following areas:

- Control Environment
- Risk Assessment
- Control Activities
- Information and Communication
- Monitoring

Control Environment

The Bank has two Board Committees (Board Risk Committee and Board Credit Committee) that have oversight function on the Bank's Risk Management Processes. The committees are responsible for setting risk management policies that ensure material risks inherent in the Bank's business are identified and mitigated or controlled. The Bank also has an Audit Committee which is made up of three shareholders and three Non-Executive Directors; one of the shareholders is the Chairman. The Audit Committee is therefore independent. Its oversight functions include among others, ensuring that quality accounting policies, internal controls and independent & objective statutory auditors are in place to deter and detect fraud and material errors in the financial reporting.

The Bank's management committees are responsible for implementing risk management policies set out by the Board. They are also responsible for setting internal control policies and monitoring the effectiveness of the internal control systems. They ensure proper books of accounts are kept and accounting policies are in conformity with: Nigerian Accounting Standards; Prudential Guidelines for licensed Banks; Circulars issued by the Central Bank of Nigeria; The requirements of the Banks and Other Financial Institutions Act; and The requirements of the Companies and Allied Matters Act.

Risk Assessment

The Board and Senior Management regularly assess the risks the Bank is exposed to, including risks relating to financial reporting. The Management Committee meet on a regular basis to assess the risks facing the bank in the areas of credit, market, interest rates, liquidity, legal and reputational. Senior Management also regularly considers whether the existing internal controls are effective in relation to the risks identified in the financial reporting process.

Control Activities

Control activities are an integral part of the Bank's day to day operations. Senior Management has set up control structure to ensure control activities are defined at every business area.

Examples of the Bank's control activities include the following;

Top Management Reviews

- Internal Audit Reports eliciting control weaknesses are presented periodically to management and Board Audit Committee.
- Preparation of financial statements on a daily basis for management review.
- Monthly and quarterly profitability review, where the bank's financial performance is reviewed and compared with the set budgets. Quarterly reports of the Chief Risk Officer to the Board, eliciting the existing and potential risks facing the Bank and the mitigants deployed.

Activity Control

Establishment of control units within each business area for self checking of activities within the areas, transactions call over for timely detection of errors.

INTERNAL CONTROL AND RISK MANAGEMENT SYSTEMS IN RELATION TO THE FINANCIAL REPORTING

Physical Controls

There are policies guiding access to the Bank's physical and financial assets, including dual custody, use of overrides e.t.c

Compliance with limits

The Bank sets internal limits guiding its trading book activities, liquidity and interest rate gaps, credit concentration limits. The limits are monitored on a daily basis by an independent unit outside the business areas.

Approval and Authorisation Limits

- There are segregation of duties; No officer can start and conclude transactions
- Limits exist for credit and expense approvals. Transactions are approved at appropriate levels.

Verifications and Reconciliations

All internal ledgers are regularly proofed and reconciled; exception reports are generated.

Information and Communication/ Monitoring

The Bank's management understands the need for a timely, reliable and accurate information flow within the Bank, for effective decision making and enhanced financial reporting. Every activity of the Bank is codified in the Bank's standard operating procedure (SOP), which outlines the process flow and specifies the duties and responsibilities of every officer in relation to the activity. The SOP further highlights requirement for reporting, the frequency of reporting as well as who within the organisation to direct the report to.

The following are some of the generic internal reports used by management for decision making and monitoring purposes:

- FINSTAT- Bank- wide Financial Statements
- BPR-Business Performance Review Report
- MPR- Monthly Profitability Report
- APR- Account Profitability Report
- ECR- Expense Control Report
- CAC-Criticized Asset Committee Report
- CLR- Criticized Loans Report
- ALCO- Asset and Liability Committee Report
- Overdraft Efficiency Report
- FX Volume Performance Report
- Liquidity Ratio Report
- Operational Performance Report

Directors' Report

The Directors have pleasure in presenting their report on the affairs of Guaranty Trust Bank Plc ("the Bank") and its subsidiaries ("the Group"), together with the Group audited financial statements and the auditor's report for the year ended 31 December, 2011.

Legal form and principal activity

The Bank was incorporated as a private limited liability company on July 20, 1990. It obtained a license to operate as a commercial bank on August 1, 1990, and commenced business on February 11, 1991. It became a public limited company on April 2, 1996, and its shares were listed on the Nigerian Stock Exchange on September 9, 1996. The Bank was issued a universal banking license by the Central Bank of Nigeria on February 5, 2001.

The Bank's principal activity continues to be the provision of commercial banking services to its customers. Such services include retail banking, granting of loans and advances, equipment leasing, corporate finance, money market activities and related services, as well as foreign exchange operations.

Following the directive issued by the CBN vide the circular dated September 7, 2010, the Bank has commenced the process of divesting its shareholding interests in its nonbanking subsidiaries. At the Extraordinary General Meeting convened on October 21, 2010, the shareholders of the Bank approved the divestment by the Bank from its non-banking subsidiaries. Consequently,

the Bank has concluded the divestment process from three (3) non-banking subsidiaries, namely Guaranty Trust Assurance Plc, which is engaged in the provision of insurance services, GTB Asset Management Limited, an asset management and securities trading company and GTB Registrars Limited which acts as registrars to public companies. As at the end of the financial year under review, the divestment process from GT Homes Limited, a licensed Primary Mortgage Institution which is engaged in mortgage activities was close to completion. In accordance with the directives of the CBN, the Bank is in the process of filing an application with the CBN for a Commercial Banking Licence with International Scope.

The Bank has six overseas subsidiaries namely Guaranty Trust Bank (Gambia) Limited, Guaranty Trust Bank (Sierra Leone) Limited, Guaranty Trust Bank (Ghana) Limited, Guaranty Trust Bank (UK) Limited, Guaranty Trust Bank (Liberia) Limited and GTB Finance B.V. Netherlands, the special purpose entity used to raise its \$350 million and \$500 million Eurobond Guarantee Notes.

The financial results of all the subsidiaries have been consolidated in these financial statements.

Operating results

Gross earnings increased by 23% and profit before tax of the group increased by 35%. Highlights of the Group's operating results for the period are as follows:

	Group December 2011 N'000	Group December 2010 N'000	Bank December 2011 N'000	Bank December 2010 N'000

Changes on the Board

During the period under review, the erstwhile Managing Director/Chief Executive Officer of the Bank, Mr. Tayo Aderinokun passed away on June 14, 2011. Mr. Aderinokun served the Bank as Managing Director/Chief Executive Officer from 2002 till his demise in June 2011. He had earlier served as Deputy Managing Director for twelve (12) years from the inception of the Bank in 1990 till 2002.

In line with the Bank's well defined succession plan, Mr. Segun Agbaje was appointed as Managing Director/Chief Executive Officer on June 22, 2011. Before his appointment as Managing Director, Mr. Agbaje had served as an Executive Director from January 2000 and as Deputy Managing Director from 2002.

In a bid to rejuvenate the Board at Executive Management level and put in place an enduring Succession Plan for the Bank, Mr. Jide Ogundare, Mrs. Titi Osuntoki and Mr. Akin George-Taylor retired as Executive Directors of the Bank with effect from October 19, 2011. In order to fill the vacancies created by the said resignations, the Board, with the approval of the Central Bank of Nigeria, appointed Mr. Demola Odeyemi, Mr. Ohis Ohiwerei, Mrs. Tola Omotola and Mr. Wale Oyedeji as Executive Directors of the Bank.

The appointment of Mr. Demola Odeyemi, Mr. Ohis Ohiwerei, Mrs. Tola Omotola and Mr. Wale Oyedeji will be presented at this Meeting for approval.

The profiles of the new Directors are available on pages 20-21 of the Annual Report.

¹ Indirect Holdings includes the underlying shares of the GDRs

² Deceased on June 14, 2011

³ Appointed Managing Director on June 22, 2011

⁴ Appointed Deputy Managing Director on October 19, 2011

⁵ Resigned on October 19, 2011

Appointed on October 19, 2011

Directors' interest in Contracts

For the purpose of Section 277 of the Companies and Allied Matters Act (2004), Messrs Adebayo Adeola and Olabode Agusto disclosed to the Board their interest as directors of Comprehensive Project Management Services Limited (a project management company) and Agusto & Company Limited (a credit rating company) respectively, which provided services to the Bank in the course of the year.

The selection and conduct of the companies are in conformity with rules of ethics and acceptable standards. In addition, the Bank ensures that all such contracts are conducted at arm's length at all times.

The analysis of the distribution of the shares of the Bank as at December 31, 2011, is as followings:

% of Holdings	Number of Holdings	% of Shareholders	Number of Shareholders	Share Range
2.87	845,186,068	70.9755	253,983	1 - 10,000

Post balance sheet events

There were no post balance sheet events which could have a material effect on the financial position of the Group as at 31 December, 2011 and profit attributable to equity holders on that date other than as disclosed in the financial statements.

Research and development

The Bank is on a continuous basis, carrying out research into new banking products and services.

Gender Analysis

The number and percentage of women employed during the financial year vis-a-vis total workforce is as follows:

	Male (Nu	Female mber)	Total	Male (%)	Female
Employees	1,536	1,117	2,653	58	42
Gender analysis of Board and Top Management is as follows:					
Board	11	3	14	79	21
Top Management (AGM - GM)	38	18	56	68	32
Total	49	21	70		
Detailed Gender analysis of Board and Top Management is as follows:					
Assistant General Manager	20	7	27	74	26
Deputy General Manager	11	4	15	73	27
General Manager	7	7	14	50	50
Executive Director & Deputy Managing Director	3	2	5	60	40
Managing Director	1	-	1	100	-
Non-Executive Directors	7	1	8	88	12
Total	49	21	70		

Human Resources Policy

(1) Employment of disabled persons

The Bank operates a non-discriminatory policy in the consideration of applications for employment, including those received from disabled persons. The Bank's policy is that the most qualified and experienced persons are recruited for appropriate job levels, irrespective of an applicant's state of origin, ethnicity, religion or physical condition.

In the event of any employee becoming disabled in the course of employment, the Bank is in a position to arrange appropriate training to ensure the continuous employment of such a person without subjecting him/her to any disadvantage in his/her career development. Currently, the Bank has five persons on its staff list with physical disability.

(2) Health, Safety and Welfare of Employees

The Bank maintains business premises designed with a view to guaranteeing the safety and healthy living conditions of its employees and customers alike. Employees are adequately insured against occupational and other hazards. In addition, the Bank provides medical facilities to its employees and their immediate families at its expense.

Fire prevention and fire-fighting equipment are installed in strategic locations within the Bank's premises.

The Bank operates a Group Personal Account Accident and the Workmen's Compensation Insurance covers for the benefits of its employees. It also operates a contributory pension plan in line with the Pension Reform Act 2004 as well as a terminal gratuity scheme for its employees.

(3) Employee Involvement and Training

The Bank encourages participation of employees in arriving at decisions in respect of matters affecting

their well being. Towards this end, the Bank provides opportunities where employees deliberate on issues affecting the Bank and employee interests, with a view to making inputs to decisions thereon. The Bank places a high premium on the development of its manpower. Consequently, the Bank sponsored its employees for various training courses, both locally and overseas, in the period under review.

BY ORDER OF THE BOARD

Olutola Omotola

Company Secretary Plot 635, Akin Adesola Street, Victoria Island, Lagos 25 January, 2012

Statement of Directors' Responsibilities in Relation to the Financial Statements for the twelve months ended 31 December, 2011

The Directors accept responsibility for the preparation of the annual financial statements set out on pages 65 to 165 that give a true and fair view in accordance with Statements of Accounting Standards applicable in Nigeria and in the manner required by the Companies and Allied Matters Act 1990 of Nigeria, the Banks and Other Financial Institutions Act of Nigeria and relevant Central Bank of Nigeria regulations.

The Directors further accept responsibility for maintaining adequate accounting records as required by the Companies and Allied Matters Act of Nigeria and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement whether due to fraud or error.

The Directors have made assessment of the Company's ability to continue as a going concern and have no reason to believe that the Bank will not remain a going concern in the year ahead.

Report of the Audit Committee

In accordance with the provisions of Section 359 (6) of the Companies and Allied Matters Act 1990, the members of the Audit Committee of Guaranty Trust Bank Plc hereby report as follows:

- We have exercised our statutory functions under Section 359 (6) of the Companies and Allied Matters Act, 1990 and acknowledge the co-operation of management and staff in the conduct of these responsibilities.
- We are of the opinion that the accounting and reporting policies of the Bank and Group are in accordance with legal requirements and agreed ethical practices and that the scope and planning of both the external and internal audits for the year ended 31 December, 2011 were satisfactory and reinforce the Group's internal control systems.
- We are satisfied that the Bank has complied with the provisions of Central Bank of Nigeria circular BSD/1/2004 dated 18 February, 2004 on "Disclosure of directors' related credits in the financial statements of banks", and hereby confirm that an aggregate amount of N6,346,350,000 (31 December, 2010: N13,028,752,000) was outstanding as at 31 December, 2011. The status of performance of insider related credits is as disclosed in Note 42(b)(i).
- We have deliberated with the External Auditors, who have confirmed that necessary cooperation was received from management in the course of their statutory audit and we are satisfied with management's responses to the External Auditor's recommendations on accounting and internal control matters and with the effectiveness of the Bank's system of accounting and internal control.

Mr. M.F. LawalChairman, Audit Committee
23 January, 2012

Members of the Audit Committee are:

- 1. Mr. M.F. Lawal
- Chairman
- 2. Alhaji M.A. Usman
- 3. Mrs. Sandra Mbagwu-Fagbemi
- 4. Mr Bode Agusto
- 5. Ibrahim Hassan
- 6. Andrew Alli

In attendance:

Mr. Tunde Dawodu

- Secretary

Report on the financial statements

We have audited the accompanying financial statements of Guaranty Trust Bank Plc ("the bank") and its subsidiaries (together "the group") which comprise the balance sheets as of 31 December 2011 and the profit and loss accounts and statements of cash flows for the year then ended and a summary of significant accounting policies and other explanatory notes.

Directors' responsibility for the financial statements

The directors are responsible for the preparation and fair presentation of these financial statements in accordance with Nigerian Statements of Accounting Standards with the requirements of the Companies and Allied Matters Act and the Banks and Other Financial Institutions Act and for such internal control, as the directors determine necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an independent opinion on the financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform our audit to obtain reasonable assurance that the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of

CHARTERED ACCOUNTANTS

LAGOS, NIGERIA

REPORT OF THE INDEPENDENT AUDITOR TO THE MEMBERS OF GUARANTY TRUST BANK PLC

accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion the accompanying financial statements give a true and fair view of the state of the financial affairs of the bank and the group as of 31 December 2011 and of their profits and cash flows for the year then ended in accordance with Nigerian Statements of Accounting Standards, the Companies and Allied Matters Act and the Banks and Other Financial Institutions Act.

Report on other legal requirements

The Companies and Allied Matters Act and the Banks and Other Financial Institutions Act require that in carrying out our audit we consider and report to you on the following matters. We confirm that:

- i. we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- ii. the bank has kept proper books of account so far as appears from our examination of those books and we have received proper returns adequate for the purposes of our audit from branches not visited by us;
- iii. the bank's balance sheet and profit and loss account are in agreement with the books of account;
- iv. related party transactions and balances are disclosed in Note 42 to the financial statements in accordance with the Central Bank of Nigeria Circular BSD/1/2004;
- v. as disclosed in Note 47, the bank did not pay any penalty as a result of contravention of the provision of the Banks and Other Financial Institutions Act or any policy guidelines in force during the year ended 31 December 2011.

29 February 2012

REPORT BY EXTERNAL CONSULTANTS ON THE APPRAISAL OF THE BOARD OF DIRECTORS OF GUARANTY TRUST BANK PLC (GTBANK) FOR THE YEAR ENDED 31ST DECEMBER, 2011

"X KPMG HOUSE"

One King Ologunkutere Street,
Park View, Ikoyi, Lagos,
P.O. Box 75429, Victoria Island, Lagos.

E-mail: jkrandleco@21ctl.com, jkrandleintuk@gmail.com
Website: www.jkrandleco.co.uk

The Board of Directors of GTBank mandated the firm of J. K. Randle International to conduct the Evaluation of the Board of the Bank for the year ended December 31, 2011 in accordance with the requirements of the CBN Code.

The composition of the Board of GTBank remains sound following the re-composition of the executive arm of the Board after the demise of the former Managing Director. The erstwhile Deputy Managing Director was appointed as the Managing Director while four new executive directors were appointed due to the retirement of three of the existing ones. The new appointees are experienced bankers with diverse educational backgrounds and years of cognate banking experience. The Board is adequate in respect of skills-set with people of proven integrity who are well informed and knowledgeable about the business of the Bank and the operating environment through regular training provided by the Bank. There is clear separation of responsibilities between the executives and non-executives; the committee structure is adequate; and the principle of independence is maintained as regards the position of the Chief Executive Officer and the Chairman of the Board. Also, the number of non-executives is greater than the executives. The composition meets the requirements of the CBN Code and other recognised Best Practices.

We observed that the operations of the Board met the requirements of Best Practice and the CBN Code. Frequency of meetings exceeded the minimum requirement of the CBN Code. The Board held five meetings and all the members were present at each meeting. The conduct of the meetings followed conventional procedures in a conducive atmosphere where all members expressed their views freely. The agenda of the Board consisted of relevant strategic issues in order to address the critical evaluation of the unfolding scenarios within the Bank and the operating environment; and the resolution of issues arising therefrom. All the issues were resolved successfully based on consensus as a demonstration of the high level of Board dynamics. The activities

of the Board were well documented in its minutes book.

The Board performed all the functions that fell within the purview of its oversight responsibilities which arose during the critical period among which was sustaining the governance structure of the Bank through the implementation of the existing Succession Plan whereby it achieved a seamless transition with regard to the leadership of executive management during a most critical period. Also, the executive arm of the Board was reconstituted. The change process was guided by appropriate legal counseling and was duly conveyed to all the stakeholders and regulatory authorities in accordance with the principle of transparency.

We observed that the Board continually fine-tuned the governance framework of the Bank by adopting formal procedures for the management of its key activities, namely Strategy and Performance Management. Furthermore, it has put in place a documented policy in respect of the responsibilities of the Non-Executive Directors and the Chief Executive Officer as well as several other policy instruments which were updated in line with the realities of the emerging operating environment.

Additionally, there was general improvement in the performance of key responsibilities in respect of Risk Management; overseeing Internal Audit Functions as well as monitoring Regulatory Compliance. The Board supported the Strategic Initiatives undertaken by management and participated in the planning process in order to re-inforce the overall Strategic Intentions of the Bank as well as the Performance Parameters. The performance of the Board is adjudged to be outstanding.

Following the conclusion of the appraisal we urge the Board to continue to focus on governance as a top priority in its agenda and also ensure that the issue of succession is addressed holistically. Also, it should be anchored on a long term strategy with a view to putting in place an enduring Succession Plan.

Bashorun J. K. Randle, OFR Chairman/Chief Executive Dated January 26, 2012

Statement of Significant Accounting Policies

A summary of the principal accounting policies, applied consistently throughout the current and preceding years is set out below

(a) Basis of preparation

These financial statements are the consolidated financial statements of Guaranty Trust Bank Plc, a company incorporated in Nigeria on 20 July, 1990, and its subsidiaries (hereinafter collectively referred to as "the Group"). The financial statements are prepared under the historical cost convention modified by the revaluation of certain investment securities, and comply with the Statements of Accounting Standards issued by the Nigerian Accounting Standards Board (NASB).

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting year. Although these estimates are based on the directors' best knowledge of current events and actions, actual results ultimately may differ from those estimates.

(b) Basis of consolidation

(i) Subsidiaries

Subsidiary undertakings, which are those companies in which the Bank, directly or indirectly, has an interest of more than half of the voting rights or otherwise has power to exercise control over their operations, have been consolidated. Where necessary, accounting policies for subsidiaries have been changed to ensure consistency with the policies adopted by the Bank. Separate disclosure is made for minority interest.

The consolidated financial statements combine the

financial statements of Guaranty Trust Bank Plc ("the Bank") and its subsidiaries ("the Group") wherein there is majority shareholding and/or control of the Board of Directors and management. The consolidated subsidiaries are Guaranty Trust Assurance Plc, Guaranty Trust Bank (Gambia) Limited, Guaranty Trust Bank (Sierra Leone) Limited, Guaranty Trust Bank (Ghana) Limited, Guaranty Trust Bank (Ghana) Limited, Guaranty Trust Bank (UK) Limited, GTB Registrars Limited, GT Homes Limited, GTB BV, GTB Liberia and GTB Asset Management Limited.

(ii) Special purpose entities

The financial statements of special purpose entities are included in the Group's financial statements where the substance of the relationship is that the Group controls the special purpose entity. The Group established GTB Finance B.V., Netherlands as a special purpose entity to raise its \$350 million and \$500 million Eurobond Guaranteed Notes. Accordingly, the financial statements of GTB Finance B.V. have been consolidated.

(c) Goodwill represents the excess of the purchase consideration over the fair value of the Group's share of the separable net assets of subsidiaries acquired, at the date of the acquisition.

Goodwill is measured at "cost" less "accumulated impairment losses". Goodwill is tested for impairment annually or more frequently if events or circumstances indicate that it might have been impaired. Impairment losses are recognised in the profit and loss account in the year in which they arise.

(d) Segment reporting

A segment is a distinguishable component of the Group that is engaged either in providing related products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Segment information is presented in respect of the Group's business and geographical segments. The Group's primary format for segment reporting is based on business segments. The business segments are determined by management based on the Bank's internal reporting structure. Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

(e) Foreign currency translation

i. Reporting currency

The consolidated financial statements are presented in Nigerian Naira, which is the Bank's reporting currency.

ii. Transactions and balances

Transactions denominated in foreign currencies are translated into Naira at the rates of exchange ruling at the date of the transaction (or, where appropriate, the rate of exchange in related forward exchange contracts). Monetary assets and liabilities denominated in foreign currencies are reported at the rates of exchange prevailing at the balance sheet date. Any gain or loss arising from a change in exchange rates subsequent to the date of the transaction is included in the profit and loss account.

iii. Group companies

The results and financial position of all Group entities that have a currency different from the reporting currency are translated into the reporting currency as follows:

- assets and liabilities for each balance sheet presented are translated at the closing rate at the balance sheet date except for share capital and pre-acquisition reserves, which are translated at their historical rates;
- income and expenses are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transactions,

- in which case income and expenses are translated at the dates of the transactions); and
- all exchange differences arising on consolidation are recognised in the translation reserves.

On consolidation, exchange differences arising from the translation of the investment in foreign entities are taken to shareholders' funds. When a foreign operation is sold, such exchange differences are recognised in the profit and loss account as part of the gain or loss on sale.

Goodwill and other adjustments (e.g. previously unrecognised deferred tax assets) arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate.

Inter-company transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of impairment of the asset transferred.

(f) Income recognition

Credits to the profit and loss account are recognised as follows:

- Interest recognised on an accrual basis except for interest on non-performing credit facilities, which is recognised on a cash basis.
- Non-credit-related fees recognised when the successful outcome of the assignment can be determined and the assignment is considered substantially completed.
- Credit-related fees spread systematically over the tenor of the credit facility where they constitute at least 10% of the projected average annual yield of the facility, otherwise credited to the profit and loss account at the time of occurrence.
- Income from advances under finance leases is

recognized on a basis that provides a constant yield on the outstanding principal over the lease term.

- Income arising on investments held by the life business is recognized in the life fund whilst income derived from investments held by the general business is credited to the profit and loss account.
- Commissions and fees charged to customers for services rendered - recognised at the time the service or transaction is effected.
- Investment income recognised on an accrual basis and credited to the profit and loss account.
- Dividend income recognised when the right to receive the dividend is established.

(g) Fee and commission expense

Fees and commission expense relates to transaction and service fees which arise in the discharge of the bank's core functions and are expensed as the services are received. These include commission expense paid to Central Bank of Nigeria, correspondent banks, service providers for electronic transactions, agents, advisers, brokers and dealers.

(h) Loans and advances

Loans and advances are stated net of provision for bad and doubtful loans. Provision is made in accordance with the Prudential Guidelines for Deposit Money Banks in Nigeria issued by the Central Bank of Nigeria for each account that is not performing in accordance with the terms of the related facilities.

Non-specialized Loans

Provision in respect of non-performing facilities other than specialized loans is as follows:

Interest and /or Principal outstanding for over	Classification	Provision
90 days but less than 180 days	Substandard	10%
180 days but less than 360 days	Doubtful	50%
Over 360 days	Lost	100%

Specialized loans

Loans are treated as specialized loans in accordance with the criteria specified in the Prudential Guidelines for Deposit Money Banks in Nigeria. The classifications and provisioning for specialized loans take into consideration the cash flows and gestation periods of the different loan types. Specialized loans as defined by the Prudential Guidelines for Deposit Money Banks in Nigeria comprise:

- Agriculture Finance (including farm and non-farm credits)
- ii. Mortgage Loan
- iii. Margin Loan
- iv. Project Finance
- v. Object Finance
- vi. Income Producing Real Estate
- vii. Commercial Real Estate and
- viii. SME loan

Provisions in respect of non-performing specialised loans according to provisions of prudential guidelines are as follows:

i (a) Agriculture Finance (short term facilities purchase of seeds, fertilizers, working capital, and other Inputs)

Category	Classification	Days past due	% provision
1	W	Mark-up/interest or principal past due by 90days	0% of total outstanding balance
1A	S	Mark-up/interest or principal past due by 90days to 1year	25% of total outstanding balance
2	D	Mark-up/interest or principal past due by 1 to 1.5 years	50% of total outstanding balance
3	VD	Mark-up/interest or principal past due by 1.5 to 2 years	75% of total outstanding balance
4	L	Mark-up/interest or principal past due by more than 2 years	100% of total outstanding balance

i.(b) Agriculture Finance - Long term Facilities (Farm development finance, purchase of machinery, livestock financing)

Category	Classification	Days past due	% provision
1	W	Mark-up/interest or principal past due by 90days	0% of total outstanding balance
1A	S	Mark-up/interest or principal past due by 90days to 1year	25% of total outstanding balance
2	D	Mark-up/interest or principal past due by 1 to 2 years	50% of total outstanding balance
3	VD	Mark-up/interest or principal past due by 2 to 3 years	75% of total outstanding balance
4	L	Mark-up/interest or principal past due by more than 3 years	100% of total outstanding balance

ii.Mortgage loans

Category	Classifi- cation	Days past due	Treatment of income	% provision
1	W	Mark-up/interest or principal past due by 90days	Suspend interest and realize on cash basis	0% of total outstanding balance
1A	S	Mark-up/interest or principal past due by more than 180days	As above	10% of total outstanding balance
2	D	Mark-up/interest or principal past due by more than 1 year	As above	Unprovided balance should not exceed 50% of the estimated net realizable value of the security.
3	L	Mark-up/interest or principal past due by more than 2 years	As above	100% of total outstanding balance

iii. Margin loans

All margin facilities are included in performing loans balances and are assessed for impairment by marking the underlying securities to market. The excess of loan amounts above the market value of the underlying securities is charged to profit and loss account to accommodate actual and expected losses on the facility amounts and is reported in specific provisions for margin loans.

iv. Project Finance

Category	Classifi- cation	Days past due	Treatment of income	% provision
1	W	Repayment on obligation btw 60% and 75% of amount due or installment 180days past due	Suspend interest and realize on cash basis	0% of total outstanding balance
1A	S	Repayment below 60% of amount due or installment between 180 days to 2yrs past due	As above	25% of total outstanding balance
2	D	Repayment below 60% of amount or installment overdue by 2 to 3 years	As above	50% of total outstanding balance
3	VD	Repayment below 60% of amount due or installment over due by 3 to 4 years	As above	75% of total outstanding balance
4	L	Repayment below 60% of amount due or installment overdue by more than 4 years	As above	100% of total outstanding balance

v. Object Finance, income producing real estate and commercial real estate Financing

Category	Classifi- cation	Days past due	Treatment of income	% provision
1	W	Repayment on obligation between 60% and 75% of amount due or installment 180days past due	Suspend interest and realize on cash basis	0% of total outstanding balance
1A	S	Repayment below 60% of amount due or installment between 180 to 1year past due	As above	25% of total outstanding balance
2	D	Repayment below 60% of amount or installment overdue by 1 to 2 years	As above	50% of total outstanding balance
3	VD	Repayment below 60% of amount due or installment over due by 2 to 3 years	As above	75% of total outstanding balance
4	L	Repayment below 60% of amount due or installment overdue by more than 3 years	As above	100% of total outstanding balance

vi. (a) SME Loans - SME short term facilities (Maturities of 1 year)

Category	Classifi- cation	Days past due	% provision
1	W	Mark-up/interest or principal past due by 90days	0% of total outstanding balance
1A	S	Mark-up/interest or principal past due by 90days to 1year	25% of total outstanding balance
2	D	Mark-up/interest or principal past due by 1 to 1.5 years	50% of total outstanding balance
3	VD	Mark-up/interest or principal past due by 1.5 to 2 years	75% of total outstanding balance
4	L	Mark-up/interest or principal past due by more than 2 years	100% of total outstanding balance

vi. (b) SME Loans - SME Long term facilities (Maturities of more than 1 year)

Category	Classifi- cation	Days past due	% provision
1	W	Mark-up/interest or principal past due by 90days	0% of total outstanding balance
1A	S	Mark-up/interest or principal past due by 90days to 1year	25% of total outstanding balance
2	D	Mark-up/interest or principal past due by 1 to 2 years	50% of total outstanding balance
3	VD	Mark-up/interest or principal past due by 2 to 3 years	75% of total outstanding balance
4	L	Mark-up/interest or principal past due by more than 3 years	100% of total outstanding balance

However, the bank applied the same criteria used for provisioning the non-specialised non-performing loans in providing for the specialised non-performing loans.

D: Doubtful

VD: Very Doubtful

1: Lost

Hair cut adjustments:

S: Substandard

W: Watchlist

The Bank adjusts both the amount of the exposure to counterparty and the value of any qualified collateral received in support of the counterparty to take account of any possible future fluctuations in the value of either, occasioned by market movement.

Haircut adjustments on qualified collateral are not

provided for in line with the prudential guidelines' framework for haircut adjustments on lost facilities.

The following hair cut adjustments are applicable on all loan types classified as lost:

Description of Collateral	Haircut adjustments weightings
Cash collateral	0%
Treasury Bills and government securities e.g. bonds	0%
Quoted equities and other traded securities	20%
Bank Guarantees and Receivables of blue chip companies	20%
Residential legal mortgage	50%
Commercial legal mortgage	50%

Haircut adjustments on lost facilities are made for only one year. Thereafter, the collaterals are realised or the shortfall in provision is recognised.

General Provision

A minimum of 1% general provision is made on all loans and advances, which have not been specifically provided for.

Write-off

Bad debts are written off against the related provision for bad and doubtful debts when it is determined that they are uncollectible. Subsequent recoveries on bad debts written off are credited to the profit and loss account. A facility is written off only when full provision has been made on such a facility for at least one year.

(I) Advances under finance leases

Advances to customers under finance leases are stated net of unearned income. Lease finance income is recognised in a manner, which provides a constant yield on the outstanding net investment over the lease year.

(j) Underwriting profits

The Group conducts life assurance and non-life insurance business through its insurance subsidiary. The Group offers a full range of insurance underwriting services.

The underwriting profits for non-life insurance business are determined on an annual basis whereby the incurred costs of claims, commission and related expenses are charged against the earned proportion of premiums, net of reinsurance, as follows:

- Premiums written related to risks assumed during the year, and include estimates of premium due but not yet received, less an allowance for cancellations.
- Unearned premiums represent the proportion of the premiums written in years up to the accounting date which relate to the unexpired terms of policies in force at the balance sheet date, and are calculated on the basis of time apportionment.
- Claims paid represent all payments made during the year, whether arising from events during that year or earlier years. Outstanding claims represent the estimated ultimate cost of settling all claims arising from incidents occurring prior to the balance sheet date, but not settled at that date. Outstanding claims are computed on the basis of the best information available at the time the records for the year are closed, and include provisions for claims incurred but not reported ("IBNR").
- Provisions for unexpired risks are the estimated amounts required over and above provisions for unearned premiums to meet future claims and related expenses on businesses in force at the end of the accounting year
- Expenses are allocated to the relevant revenue accounts as incurred in the management of each class of business.

ii. Underwriting profits for life assurance business

The underwriting profits for life assurance business are determined on a fund. The incurred costs of claims, commission and related expenses are charged against the earned proportion of premiums, net of reinsurance, as follows:

- Premiums written relate to risks assumed during the year, and include estimates of premiums due but not yet received, less an allowance for estimated lapses.
- Claims arising on maturity are recognised when the claim becomes due for payment.
 Death claims are accounted for on notification.
 Surrenders are accounted for on payment.
- Expenses and commissions are allocated to the life fund as incurred in the management of the life business.
- The life assurance contracts (accounted for in the life fund) are assessed at least once every three years by qualified consulting actuaries in accordance with Section 29 of the Insurance Act. Any resulting actuarial loss is made up by additional provisions charged to the Group's profit and loss account.

Actuarial surpluses are allocated between the shareholders and the policy holders. Any balance remaining is retained in the life fund and attributable to "with profit" policyholders as the date of actuarial valuation.

In accordance with Section 22 (1) of the Insurance Act 2003, an additional reserve (contingency reserves) of not less than 25% of the net written premium for every year between each valuation date is maintained.

(k) Deferred acquisition costs

Acquisition costs comprise all direct and indirect costs arising from the writing of insurance contracts. Deferred acquisition costs represent a proportion of commission and other acquisition costs, which are incurred during a financial year and are deferred to the extent that they are recoverable out of future revenue margins. It is calculated by applying to the acquisition expenses the ratio of unearned premium to written premium.

(I) Outstanding claims and provisions

Full provision is made for the estimated cost of all claims notified but not settled at the date of the balance sheet, less reinsurance recoveries, using the best information available at that time.

In non-life insurance business, a provision is also made for the cost of claims incurred but not reported (IBNR) until after the balance sheet date on the basis of 10% of claims notified but not settled in compliance with the provisions of Section 20 (1) (b) of the Insurance Act, 2003.

Similarly, provisions are made for "unallocated claims expenses" being the estimated administrative expenses that will be incurred after the balance sheet date in settling all claims outstanding as at that date, including IBNR. Differences between the provisions for outstanding claims at a balance sheet date and the subsequent settlement are included in the Revenue Account of the following year.

(m) Investments

The Group categorises its investments into the following categories: short-term investments, long-term investments and investments in subsidiaries. Investment securities (short-term and long-term investments) are initially recognized at cost and management determines the classification at initial investment. Debt and equity securities intended to be held for a period not exceeding one year or with an outstanding tenor to maturity not exceeding one year, and investments held for trading are classified as short-term investments.

Investments held-for-trading are those investments that the group acquires principally for the purpose of selling in the near term, or holds as part of a portfolio that is managed together for short-term profit taking.

i. Short term investments

Short-term investments are investments held temporarily in place of cash and which can be converted into cash when current financing needs make such conversion desirable. In addition, management intends to hold such investment for not more than one year.

Short-term investments in treasury bills and other marketable securities are stated at net realisable value. The gain/loss on revaluation is credited/charged to profit and loss account during the year.

All other short-term investments are stated at the lower of cost and market value (quoted bid prices). The amount by which cost exceeds market value (unrealized loss) is charged to the profit and loss account during the year.

ii. Long term investments

Long-term investments are investments held over a long period of time to earn income. Longterm investments may include debt and equity securities.

Long term investments in marketable securities are stated at the lower of cost and net realizable value.

Net realizable value of unquoted securities is value based on Net asset valuation of the entities by the directors. Any discount or premium arising on acquisition of bonds is included in the original cost of the investment and is amortised over the period of purchase to maturity.

Interest earned whilst holding investment securities is reported as interest income.

S A

Dividends receivable are included separately in dividend income when a dividend is declared. A change in market value of investment securities is not taken into account unless it is considered to be permanent.

iii Investments in subsidiaries

Investments in subsidiaries are carried in the company's balance sheet at cost less provisions for impairment losses. Where, in the opinion of the Directors, there has been impairment in the value of an investment, the loss is recognised as an expense in the period in which the impairment is identified.

On disposal of an investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the profit and loss account.

(n) Trading properties

Trading properties are carried at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Cost of trading properties is determined on the basis of specific identification of their individual costs.

(o) Property and equipment

All property and equipment are initially recorded at cost. They are subsequently stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the assets.

Subsequent costs are included in the asset's carrying amount or are recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. All other repairs and maintenance are charged to the profit and loss account during the financial year in which they are incurred.

Construction cost in respect of offices is carried at cost as capital work in progress. On completion of construction, the related amounts are transferred to the appropriate category of property and equipment.

Depreciation is calculated on a straight line basis to write down the cost of property and equipment to their residual values over their estimated useful lives as follows:

Leasehold Improvements	Over the lease period
Buildings	50 years
Machinery and Equipments	5 years
Computer hardware	3 years
Furniture and fittings	5 years
Motor vehicles	4 years
Other transportation equipment	10 years

Assets that are subject to depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. The recoverable amount is the higher of the asset's value less costs to sell or the value in use.

Gains and losses on disposal are determined by comparing proceeds with carrying amount. These are included in the profit and loss account for the year.

(p) Intangible assets

The group recognises computer software acquired as intangible asset.

Software acquired by the Group is stated at cost less accumulated amortisation and accumulated impairment losses.

Expenditure on internally developed software is recognised as an asset when the Group is able to

demonstrate its intention and ability to complete the development and use the software in a manner that will generate future economic benefits, and can reliably measure the costs to complete the development. The capitalised costs of internally developed software include all costs directly attributable to developing the software and capitalised borrowing costs, and are amortised over its useful life. Internally developed software is stated at capitalised cost less accumulated amortisation and impairment.

Subsequent expenditure on software assets is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is expensed as incurred.

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful life of the software, from the date that it is available for use since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset. The maximum useful life of software is five years.

Amortisation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

Software is derecognized on disposal or when no future economic benefits are expected from its use or disposal.

(q) Leases

The Group classifies a lease as a finance lease if the following conditions are met:

- (a) Lease is non-cancellable, and
- (b) any of the following is applicable
- i. the lease term covers substantially (80% or more) the estimated useful life of the asset or,
- ii. the net present value of the lease at its inception using the minimum lease payments and implicit interest rate is equal to or greater than the fair

- value of the leased asset or,
- iii. the lease has a purchase option which is likely to be exercised.

A lease that does not qualify as a finance lease as specified above is treated as an operating lease.

A Group company can be a lessor or a lessee in either a finance lease or an operating lease.

i. A Group Company is the lessor

When assets are held subject to a finance lease, the transactions are recognized in the books of the Group at the net investments in the lease. Net investment in the lease is the gross investment in the lease discounted at the interest rate implicit in the lease. The gross investment is the sum of the minimum lease payments plus any residual value payable on the lease. The discount on lease is defined as the difference between the gross investment and the present value of the asset under the lease.

The discount is recognized as unearned in the books of the Group and amortized to income as they are earned over the life of the lease at a basis that reflects a constant rate of return on the Group's net investment in the lease.

Finance lease are treated as risk assets and the net investment in the lease are subject to the provisioning policy listed in note (g) above.

When assets are held subject to an operating lease, the assets are recognized as property and equipment based on the nature of the asset and the Group's normal depreciation policy for that class of asset applies.

Lease income is recognized on a straight line over the lease term.

All indirect costs associated with the operating lease are charged as incurred to the profit and loss account.

ii. A Group Company is the lessee

When the assets leased are subject to operating lease, the total payments made under operating leases are charged to profit and loss on a systematic basis in line with the time pattern of the user's benefit.

When the assets are subject to a finance lease, the Group accounts for it by recording the lease as an acquisition of an asset and the incurrence of a liability.

To capitalize the lease right, the Group determines the following:

- the initial value of the leased asset and the corresponding liability
- the amortization rate or amount, and
- the amount by which the lease liability is to be reduced.

At the beginning of the lease term, the Group records the initial asset and liability at amounts equal to the fair value of the leased asset less the present value of an un-guaranteed or partially guaranteed residual value which would accrue to the lessor at the end of the term of the lease.

The discount factor to apply in calculating the present value of the un-guaranteed residual value accruing to the lessor is the interest rate implicit in the lease.

Where the Group cannot determine the fair value of the leased asset at the inception of the lease or is unable to make a reasonable estimate of the residual value of the lease without which the interest rate implicit in the lease could not be computed, the initial asset and liability are recorded at amounts equal to the present value

The leased asset is depreciated or the rights under the leased asset are amortized in a manner consistent with the Group's own assets.

The minimum lease payment in respect of each accounting year is allocated between finance charge and the reduction of the outstanding lease liability. The finance charge is determined by applying the rate implicit in the lease to the outstanding liability at the beginning of the year.

(r) Cash and cash equivalents

(i) Cash and balance with CBN

Cash comprises cash on hand and demand deposits denominated in Naira and foreign currencies and cash balances with Central Bank of Nigeria (CBN). Cash equivalents are short-term, highly liquid instruments which are:

- readily convertible into cash, whether in local or foreign currency; and
- so near to their maturity dates as to present insignificant risk of changes in value as a result of changes in interest rates.

(ii) Due from other banks

Due from other banks represents cash held in other banks in Nigeria and banks outside Nigeria.

(iii) Treasury bills

Short term investments in treasury bills held-fortrading are presented net of unearned discount. Unearned discount is deferred and amortised as earned.

Short term investments treasury bills are carried at net realizable value. Gains or losses resulting from market valuation are recognised in the profit and loss account.

(s) Provision

A provision is recognized where, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

(t) Off balance sheet transactions/contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or the Group has a present obligation as a result of past events but is not recognised because it is not likely that an outflow of resources will be required to settle the obligation; or the amount cannot be reliably estimated.

Contingent liabilities normally comprise of legal claims under arbitration or court process in respect of which a liability is not likely to eventuate.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

A contingent asset is never recognised rather they are disclosed in the financial statements when they arise.

Transactions to which there are no direct balance sheet risks to the Group are reported and accounted for as off balance sheet transactions and comprise:

Acceptances

Acceptances are undertakings by the Bank to pay bills of exchange drawn on customers. The Bank expects most acceptances to be settled simultaneously with the reimbursement from customers.

Acceptances, which meet the conditions, set out in Central Bank of Nigeria (CBN) Guidelines on the treatment of bankers acceptances and commercial papers are accounted for and disclosed as contingent liabilities. The income and expense relating to these acceptances are recognised and reported net in the financial statements.

Guarantees and performance bonds

The Bank provides financial guarantees and bonds to third parties on the request of customers in the form of bid and performance bonds or advance payment guarantees. These agreements have fixed limits and generally do not extend beyond the period stated in each contract.

The non-collaterized portion of bonds and guarantees are disclosed in financial statements.

Commissions and fees charged to customers for services rendered in respect of bonds guarantees are recognized at the time the services or transactions are effected.

Commitments

Commitments to extend credit or deliver on sales or purchases of foreign exchange in future are recognized as off balance sheet engagements. Commissions and fees charged to customers for services rendered in respect of commitments are recognized at the time the service or transaction is effected.

Letters of credit

The Bank provides letters of credit to guarantee the performance of customers to third parties. These are accounted for as off balance sheet items. Commissions and fees charged to customers for the service are recognised at the time the service or transaction is effected.

(u) Retirement benefits

Pension costs

The Group operates a funded, defined contribution pension scheme for employees in Nigeria. The scheme is managed by external trustees and employees are entitled to join the scheme on confirmation of their employment. Employee and employer contributions are 7.5% and 10% respectively of the qualifying employee's salary in line with the provisions of Pension Reform Act 2004.

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The Group also operates a non-contributory, funded lump sum defined benefit gratuity scheme, which is managed by external trustees. Employees are entitled to join the scheme after completing 10 continuous full years of service. Employees' terminal benefits are determined by an independent actuarial valuation every year using the "projected benefit cost method".

Gains on actuarial valuation are immediately taken as deductions from current or future retirement costs while losses are treated as additions and charged to the profit and loss account.

The Bank ensures that adequate provisions are made to meet its obligations under the scheme.

(v) Deferred taxation

Deferred taxation, which arises from timing differences in the recognition of items for accounting and tax purposes, is calculated using the liability method. Deferred taxation is provided fully on timing differences, which are expected to reverse at the rate of tax likely to be in force at the time of reversal. Currently enacted tax rates are used to determine deferred income tax.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the associated unutilised tax losses and deductible temporary differences can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(w) Taxation

Income tax expenses/credits are recognised in the profit and loss account. Current income tax is the expected tax payable on the taxable income for the year, using statutory tax rates at the balance sheet date.

(x) Borrowings

Borrowings are recorded at face value less amounts

repaid. Direct issue costs are capitalised and amortised over the tenor of the underlying instrument. Interest costs are recognised in the income statement over the duration of the instrument.

(y) Ordinary share capital

Share issue Costs

Incremental costs directly attributable to the issue of new shares or to the acquisition of a business are shown in equity as a deduction, net of tax, from the proceeds.

(z) Dividends

Dividends on ordinary shares are appropriated from retained earnings and recognised as a liability in the period in which they are declared. Dividends that are proposed but not yet declared are disclosed in the notes to the financial statements.

(aa)Sale of loans or securities

A sale of loans or securities without recourse to the seller is accounted for as a disposal and the assets excluded from the balance sheet.

Profits or losses on sale of loans or securities without recourse to the seller are recognised by the seller when the transaction is completed.

The Group regards a sale of loans or securities as without recourse, if it satisfies all the following conditions. Any sale not satisfying these conditions will be regarded as with recourse.

- control over the economic benefits of the asset must be passed on to the buyer;
- the seller can reasonably estimate any outstanding cost; and
- there must not be any repurchase obligations

A sale or transfer of loans or securities with recourse where there is an obligation to, or an assumption of, repurchase is not treated as a sale, and the asset remains in the Group's balance sheet, with any

related cash received recognised as a liability.

Profit arising from sale or transfer of loan or securities with recourse to the seller is amortised over the remaining life. However, losses are recognised as soon as they can be reasonably estimated.

Where there is no obligation to or assumption of repurchase, the sale should be treated as a disposal and the asset excluded from the balance sheet, and any contingent liability disclosed.

(ab)Derivative financial instruments

A derivative is a financial instrument whose value changes in response to the change in an underlying variable. It requires little or no initial net investment relative to other types of contracts that have similar response to changes in market conditions and that is settled at a future date.

The Bank engaged in interest rate swap transactions with counterparties. The interest rate swaps are initially recognised in the balance sheet at fair value, with a corresponding debit or credit as applicable in the income statement. Any changes in fair value are recognised immediately in the income statement.

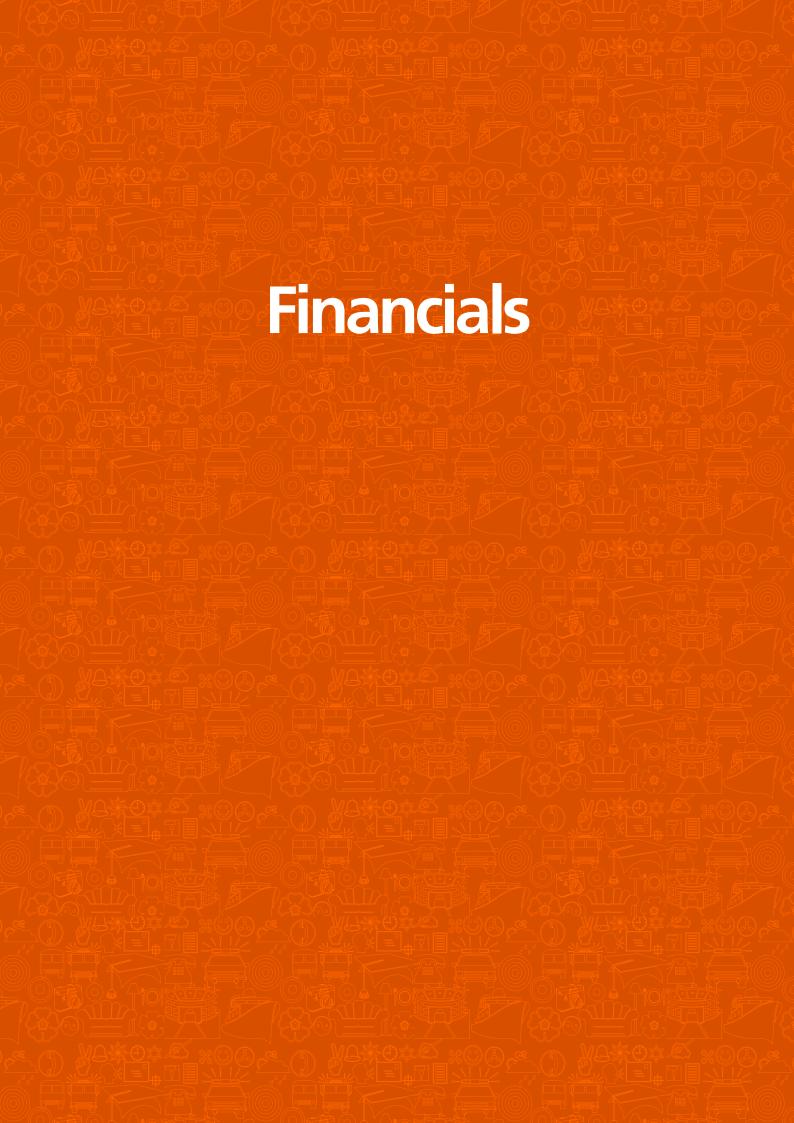

(ac)Earnings per share

The Group presents basic earnings per share for its ordinary shares. Basic earnings per share are calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted number of ordinary shares outstanding during the year.

Adjusted earnings per share is determined by dividing the profit or loss attributable to ordinary shareholders by the weighted number of ordinary shares adjusted for any bonus shares issued.

(ad) Offsetting

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

GTB (UK) Limited	United Kingdom	100.00%	-	100.00%
GTB (Liberia) Limited	Liberia	99.43%	-	99.43%
GTB (Sierra Leone) Limited	Sierra Leone	84.24%	-	84.24%
GTB (Gambia) Limited	Gambia	77.81%	-	77.81%
GTB (Ghana) Limited	Ghana	95.72%	-	95.72%

2 Segment analysis

(a) By geographical segment

The Group's business is organized along three (3) main geographical areas:

- (I) Nigeria
- (ii) Rest of West Africa
- (iii) Europe

Transactions between the business segments are on normal commercial terms and conditions.

Funds are ordinarily allocated between segments, resulting in funding cost transfers disclosed in operating income. Interest charged on these funds is based on the Group's cost of tenured funds. There are no other material items of income or expense between the business segments.

2(a) Segment report by geographical location:

12. Cash in hand and balances with CBN				
(a) Cash in hand and balances with regulatory	Group	Group	Bank	Bank
bodies comprise:	Dec. 2011 N'000	Dec. 2010 N'000	Dec. 2011 ₩′000	Dec. 2010 N '000
Cash in hand	34,863,527	21,200,955	30,662,705	19,370,403
Operating account held with the Central Bank				
of Nigeria (CBN)	20,030,944	1,465,193	18,067,430	1,457,522
	54,894,471	22,666,148	48,730,135	20,827,925
Mandatory reserve deposits with Central Bank				
of Nigeria (CBN) (see note 12(b)) below	61,768,606	6,189,758	58,520,717	6,189,758
	116,663,077	28,855,906	107,250,852	27,017,683

- (b) Mandatory reserve deposits are not available for use in the Group's day-to-day operations. During the year, the Central Bank of Nigeria (CBN), in Circular No FPR/DIR/CIR/GEN/01/014 dated March 3, 2011 introduced the reserve averaging framework for computation of Cash Reserve Requirement. Banks were required to maintain daily average balances in their operating account (Not Cash Reserve Account) with the CBN throughout a maintenance period in line with the CBN's CRR computation. This framework was later suspended for prior year's daily CRR maintenance method via communique Number 79 of the Monetary Policy Committee Meeting of October 10, 2011.
- (c) Included in Group's cash in hand in 2010 is an amount of N3,228,327,000 and N1,516,154,000 representing unclaimed dividend held in the accounts of GTB Registrars and GTB Asset Management Limited respectively. The corresponding balances are included in other liabilities (See note 31). However, in 2011 the group does not have these liabilities because of its divestment from GTB Registrars and GTB Asset Management Limited.

13. Treasury bills

These comprise:

Treasury bills (see notes 13(a)(i) and 13(a)(ii)) below

Group Dec. 2011 N ′000	Group Dec. 2010 N ′000	Bank Dec. 2011 N ′000	Bank Dec. 2010 N '000
256,815,281	157,291,249	235,495,534	141,775,484
256,815,281	157,291,249	235,495,534	141,775,484

(a)(I) Included in treasury bills is N13,400,000,000 (31 December 2010: N13,400,000,000) pledged as collateral to the Central Bank of Nigeria, Nigeria Interbank Settlement System, Federal Inland Revenue Services, Bank of Industry, Interswitch Nigeria Limited and Valucard Nigeria Limited as at year end.

(a)(ii)The original cost of treasury bills as at 31 December 2011 was N231,617,176,000 (31 December 2010: N141,755,364,000).

14. Due from other banks

(a) Due from other banks comprise:

Balances held with other local banks and discount houses

- Current accounts
- Placements

Mandatory reserve deposit with NAICOM (National Insurance Commission)

Balances and cash balances outside Nigeria

- Balances held with Central Banks
- Balances held with other banks outside Nigeria (see note 14(a)(i) below)
- Placements with foreign Banks (see note 14(a)(ii) below)

Group Dec. 2011 ₩′000	Group Dec. 2010 N ′000	Bank Dec. 2011 N '000	Bank Dec. 2010 N ′000

314,028,704	250,180,751	281,378,238	206,463,631

- (a)(I) Included in balances held with other banks outside Nigeria is the Naira value of foreign currencies held on behalf of customers in various foreign accounts amounting to N16,927,616,000 (31 December 2010: N29,635,301,000) to cover letters of credit transactions. The corresponding liability for this amount is included in other liabilities (see Note 31). The amount is not available for the day-to-day operations of the Bank.
- (a) (ii) Included in balances with other banks outside Nigeria are restricted amounts totaling N3,508,046,000 (31 December 2010: N3,508,046,000).

15. (a)	Loans and advances to customers Loans and advances to customers comprise:	Group Dec. 2011 N ′000	Group Dec. 2010 N '000	Bank Dec. 2011 N '000	Bank Dec. 2010 N '000

(n) The Bank made a 1% general provision of N6,793,385,000 on loans and advances in the current year in line with the provisions of paragraph 55 of SAS 10 (2010: Nil).

The non-recognition of the 1% general provision in 2010 was based on the revision of the prudential guidelines for Deposit Money Banks by the Central Bank of Nigeria effective 1 July 2010. The revised guidelines deleted the requirement for the 1% general provision in the previous guideline and in its stead noted that general provisioning guidelines shall now be issued by CBN as a counter cyclical measure from time to time. In addition, the CBN in a letter BSD/DIR/GEN/CIR/04/013 notified banks that the 1% general provision on performing risk assets shall not be required in the preparation of financial statements for the year ended 31 December 2010.

The Bank did not make a 1% general provision in 2010 based on the waiver published by Financial Reporting Council (FRC) formerly known as the Nigerian Accounting Standards Board (NASB) at the request of the Central Bank of Nigeria (CBN) and dated March 2011.

The current 1% general provision was necessitated because the waiver granted by NASB had expired with effect from 31 December 2010.

o. The movement on interest-in-suspense during the year is as follows:

Balance, beginning of year

Exchange difference
Interest suspended during the year
Interest recovered
Interest written off
Balance, end of year

FOR THE YEAR ENDED 31 DECEMBER 2011

(I) This represents the cost of the Bank's 75.11% holding of the equity of GT Homes Limited. The Company was incorporated in 1992 as Citizens Savings and Loans Limited. Its name was changed to New Patriot Building Society in 1997. However, the Bank acquired majority shareholding in August 2007, consequent upon which the name was changed to GTHomes Limited. It commenced operations under this name in January 2008.

The bank's equity investment in this company is currently held for sale. Directors expect that the active and ongoing disposal process, which is progressing will be completed in due course.

(j) This represents the cost of the Bank's 100% holding of the equity of Guaranty Trust Bank (UK) Limited. It was incorporated in February 2007 and commenced operations in January 2008.

(k) This represents the Bank's 100% equity holding in GTB Asset Management Company Limited, which was disposed of during the period in line with the Central Bank of Nigeria's Regulation on the Scope of Banking Activities and Ancillary Matters issued on 7 September, 2010, which requires banks to divest from all non-banking businesses.

GTB Asset Management Company Limited provides security brokerage and asset management services and was incorporated on 14 January 2008 and commenced operations in April 2008. The Board of Directors of Guaranty Trust Bank Plc passed a resolution at an extra-ordinary general meeting dated 28 October 2010 to sell the bank's equity interest in the company.

An analysis of the profit on disposal of equity interest in GTB Asset Management Company Limited is shown below:

Net Proceeds on disposal

Cost of Investment

Loss on disposal of subsidiary per Bank (see note 11(c)(ii))
Add: share of post acquisition reserve of subsidiary to date of disposal

Profit on disposal of subsidiary per Group (see note 11(c)(ii))

An analysis of the share of post acquisition reserve of GTB Asset Management Company Limited to date of disposal is shown below:

Share of prior year negative post acquisition reserve to 31/12/2010 Share of current year loss to the date of disposal

(l)	This represents the cost of the Bank's 99.43% holding in the							
	equity of Guaranty Trust Bank (Liberia) Limited. GTB (Liber							
	Limited was incorporated in September 2008 an	ıd						
	commenced operations in March 2009.

20(c) The Central Bank of Nigeria's Regulation on the Scope of Banking Activities

Section 6(1) of the Central Bank of Nigeria Regulation on the Scope of Banking Activities and Ancillary Matters requires banks to divest from all non-banking businesses and apply for a new type of banking license based on the decision of the Bank's Board of Directors or set up a holding company structure.

At an extra-ordinary general meeting held in October, 2010, the shareholders authorized the divestment of the bank's equity interest in its non-banking subsidiaries. The divestment is in compliance with the new banking model approved by the CBN in September, 2010. The affected subsidiaries are Guaranty Trust Assurance Plc, GTB Asset Management Limited and GTB Registrars Limited (collectively the "Target Companies"). In January 2011, the bank obtained CBN's approval-in-principle ("AiP") of the divestment plan in accordance with the provisions of CBN regulations to this effect.

During the year, the bank disposed the Target Companies, Guaranty Trust Assurance Plc, GTB Asset Management Limited and GTB Registrars Limited.

21. Trading properties

(a) This represents the cost of real estate properties held by the Bank's subsidiaries, which are designated for resale to customers. The movement on the trading properties account during the year is as follows:

Balance, beginning of the year Additions Disposals Assets of subsidiaries disposed Balance, end of the year

	Withdrawals	(421,017)	_	-	-
	Interest payable on life fund	82,621	51,488	-	-
	Liabilities of subsidiaries disposed	(2,288,944)			
	Balance, end of the year		1,822,664	-	<u>-</u>

(b) (ii) Deposit administration funds in 2010 arose from investment contracts of the insurance subsidiary of the Group. Holders of such contracts are guaranteed their funds plus a guaranteed interest rate for the tenor of the contract. These contracts have additional benefits - life assurance cover and death benefits.

30. Liabilities on insurance contracts

(a) Liabilities on insurance contracts comprise:

Life fund (see 30(b)(i) below)
Provision for unexpired risks (see 30(c) below)

(b) (i) The movement in life fund is as follows:

Balance, beginning of the year Decrease in life funds (See 8(a)(ii)) Transfer from revenue account to shareholders Liabilities of subsidiaries disposed Balance, end of the year

Group Dec. 2011 N ′000	Group Dec. 2010 N ′000	Bank Dec. 2011 N ′000	Bank Dec. 2010 N '000

The Group operates a defined benefit scheme where qualifying employees receive a lump sum payment based on the number of years served after an initial qualifying period of 10 years and gross salary on date of retirement. During the year, the Bank transferred additional obligations due to the scheme held by a pension fund administrator.

(c)(ii) The defined benefit obligation at the end of year represents the balance as actuarially determined by Alexander Forbes Consulting Actuaries Nigeria Limited. The Bank ensures that adequate provisions are made to meet its obligations under the scheme.

(c)(iii) The principal actuarial assumptions used were as follows:

- discount rate
- average rate of inflation
- future salary increases

Group Dec. 2011 N ′000	Group Dec. 2010 N ′000	Bank Dec. 2011 N ′000	Bank Dec. 2010 N '000

- (a)(I) The amount of N32,367,988,000 (USD 202,142,000) represents the outstanding balances on various facilities granted by the International Finance Corporation (IFC) between May 2005 and December 2011. It comprises N5,146,737,750 (USD 32,142,000) being the outstanding balances on various facilities repayable over 7 years at interest rates varying from 2.75% to 3.5% above LIBOR rates and N27,221,250,000 (USD170,000,000) being the outstanding balance on a dollar facility with a tenor of 10 years. Interest is payable semi-annually at a fixed rate of 5.5%.
- (a)(ii)The amount of N16,172,625,000 (USD101,000,000) represents the outstanding balances on various facilities granted by the African Development Bank (ADB) between May 2006 and December 2011. The amount of N1,761,375,000 (USD11,000,000) represents the outstanding balance on a dollar facility of \$40,000,000 granted by the African Development Bank (ADB) in May 2006 for a period of 7 years. The principal amount is repayable in 12 equal instalments after a moratorium of 1 year, while interest is payable half yearly at a rate per annum determined by the Bank to be the sum of LIBOR or its successor rate for such interest periods plus 245 basis points per annum.

The balancing amount of N14,411,250,000 (USD 90,000,000) represents the outstanding balance in a dollar facility of USD 100,000,000 with a tenor of 7 years. Interest is payable half-yearly at a rate of 5.157%

(a)(iii)The amount of N1,801,406,000 (USD11,250,350) represents the outstanding balance on the term loan facility of USD15,000,000 granted by FMO (an entrepreneurial development bank of the Netherlands) in December 2009 for a period of 4 years. The principal is repayable at maturity in January 2014 while the interest is repayable quarterly over the tenure of the facility at 4.5% above LIBOR.

FOR THE YEAR ENDED 31 DECEMBER 2011

(a)(iv) Analysis of Special Intervention Funds:

Power and airline fund Manufacturing and SME fund

Group Dec. 2011 N ′000	Group Dec. 2010 N ′000	Bank Dec. 2011 N ′000	Bank Dec. 2010 N ′000
23,580,000	-	23,580,000	-
5,977,778	6,600,000	5,977,778	6,600,000
29,557,778	6,600,000	29,557,778	6,600,000

The total facility is secured by Nigerian Government securities and has a 15-year tenor. A management fee of 1%, deductible at source, is paid by the bank under the arrangement and the bank is under the obligation to on-lend to customers at an all-in-interest rate of 7% per annum. The bank remains the primary obligor to the BOI and therefore assumes the risk of default by customers.

- (a)(v) The amount of N5,250,000,000 represents the outstanding balance on a facility granted by the Debt Management Office in tranches between April 2010 and December, 2011 for 7 years. It is an initiative of Central Bank of Nigeria and Federal Ministry of Agriculture and Water resources aimed at the growth and development of commercial agriculture enterprise in Nigeria. The funds are made available to participating banks at zero cost, for on lending to commercial agriculture enterprise at a maximum rate of 9.00% per annum.
- (a)(vi) The amount of N136,106,250,000 (USD850,000,000) net of balances held by Group entities represents dollar guaranteed notes issued by GTB Finance B.V., Netherlands. The first tranche of \$350,000,000 was issued in January 2007 for a period of 5 years with the principal amount repayable at the end of the tenor while interest on the notes is payable semi-annually at 8.5% per annum. This tranche matures on 27th January 2012. The 2nd tranche of \$500,000,000 was issued in May 2011 for a period of 5 years with the principal amount repayable at the end of the tenor while interest on the notes is payable semi-annually at 7.5% per annum.
- (a)(vii) The amount of N8,006,250,000 (USD 50,000,000) represents the outstanding balance on a dollar term loan facility granted by PROPARCO in December, 2011 for a period of 5 years. Interest is payable half yearly at 4.46% over the tenure of the facility.
- (b) The movement on Other Borrowings during the year is as follows:

Balance, beginning of the year Additions during the year Payments during the year Exchange loss

Balance, end of the year

(a) (ii) As required by insurance regulations, a contingency reserve is maintained for both the non-life insurance and life insurance contracts underwritten by the Group. The appropriation to contingency reserve for non-life underwriting contracts is calculated in accordance with section 21(2) and 22(1)(b) of the Insurance Act 2003. The reserve is calculated at the higher of 3% of gross premium and 20% of net profits of the business for the year.

The appropriation of contingency reserve for life underwriting contracts is calculated at the higher of 1% of the gross premium and 10% of net profits of the business for the year. The appropriations are charged to the life fund.

The contingency reserve for the Group, is the post acquisition portion of the Group's holding in the contingency reserve of Guaranty Trust Assurance Plc. This reserve is no longer necessary as at year end due to disposal of Guaranty Trust Assurance Plc.

- (c) Nigerian banking regulations require the Bank to make an annual appropriation to a statutory reserve. As stipulated by S.16(1) of the Banks and Other Financial Institution Act of 1991 (amended), an appropriation of 30% of profit after tax is made if the statutory reserve is less than paid-up share capital and 15% of profit after tax if the statutory is greater than the paid up share capital. However, the Bank transferred 30% of its profit after tax to statutory reserves as at year end.
- (d) The SMEEIS reserve is maintained to comply with the Central Bank of Nigeria (CBN) requirement that all licensed banks set aside a portion of the profit after tax in a fund to be used to finance equity investment in qualifying small and medium scale enterprises. Under the terms of the guideline (amended by a CBN letter dated 11 July 2006), the contributions will be 10% of profit after tax and shall continue after the first 5 years but banks' contributions shall thereafter reduce to 5% of profit after tax. It is no longer mandatory for banks to make these contributions.

FOR THE YEAR ENDED 31 DECEMBER 2011

(a) The analysis of non-controlling interest is shown below:

GTB (Gambia) Limited

GTB (Sierra Leone) Limited

GT Assurance Plc

GTB (Ghana) Limited

Retained earnings for the year

(Dilution)/increase in non-controlling interest

Effect of exchange differences

Dividend paid to minority interest

Non-controlling interest of subsidiaries disposed

Balance, end of the year

/11	Guarantees and othe	r commitments on	habalf of customers

Contingent liabilities, guarantees and other commitments on behalf of customers

(a) Litigations and claims

The Bank, in its ordinary course of business, as at December 31, 2011 is presently involved in 277 cases as a defendant (31 December 2010: 233) and 98 cases as a plaintiff (31 December 2010: 70). The total amount claimed in the 277 cases against the Bank is estimated at N252,103,083,483 and \$125,889,862 (31 December 2010: N184,245,033,499 and \$124,919,188) while the total amount claimed in the 98 cases instituted by the Bank is N42,393,283,830 (31 December 2010: N24,864,498,703 and \$10,477,341). However, the directors of the Bank, based on legal advice, are of the view that the probable liability arising from the cases pending against the Bank is not likely to exceed N37,290,000 (31 December 2010: N28,734,053 and \$22,000). The amounts have been fully provided for in the financial statements.

Based on the legal advice, the Directors of the Bank are also of the opinion that none of the aforementioned cases is likely to have a material adverse effect on the Bank.

(b) Operating lease commitments:

The future minimum lease payments under non-cancellable rental operating leases are disclosed in note 22(a)(iii).

(c) (I) Guarantees and other commitments on behalf of customers.

In the normal course of business, the Group is party to financial instruments with off-balance sheet risk. The instruments are used to meet the credit and other financial requirements of customers.

The contractual amounts of the off-balance sheet financial instruments are:

Transaction-related bonds and guarantees (see note (c)(ii))
Guaranteed commercial papers and bankers acceptances
Clean-line facilities & irrevocable letters of credit
Commitments on foreign exchange contracts
Other commitments
Guaranteed facilities

There were no other post balance sheet events which could have a material effect on the financial position of the Group as at 31 December 2011 and profit attributable to equity holders on that date which have not been adequately adjusted or disclosed.

49. Comparatives

Certain prior year corresponding balances have been reclassified to conform with the current year presentation format and enhance comparability.

50. Financial Risk Management

For the year ended 31 December 2011

Risk Management Overview

Guaranty Trust Bank has a robust and functional Enterprise-wide Risk Management (ERM) Framework that is responsible for identifying and managing inherent and residual risks facing the Bank. The risk management infrastructure therefore encompasses a disciplined, comprehensive and integrated approach to identifying, measuring, controlling and reporting the following risks:

- (i) The three main risk areas Credit, Market and Operational;
- (ii) Settlement and Legal risks;
- (iii) Reputational and Strategy risks; and
- (iv) Monitoring of the Bank's subsidiaries' risks.

In compliance with the Central Bank of Nigeria's 'Risk-Based Supervision' guidelines, and to align with Basel II Capital Accord / global best practices, a strategic framework for the efficient and effective measurement of risks is in place whilst processes that would enable the Bank adopt more advanced approaches in economic capital calculation are being implemented.

ERM Vision:

"To enhance shareholders' value by creating and maintaining a culture of intelligent risk-taking".

Guaranty Trust Bank will adopt the following risk principles to actualize the above stated vision:

- The Bank will not take any action that will compromise its integrity
- We shall adhere to the risk management cycle of identifying, measuring, controlling and reporting risks
- Risk control will not constitute an impediment to the achievement of our strategic objectives
- We will always comply with all government regulations and embrace global best practice
- The Bank will integrate risk management into its strategy setting to enable it adopt an enterprise-wide approach in managing risks until this discipline becomes an integral part of our DNA
- The Bank will only assume risks that fall within its risk appetite with commensurate returns.

Risk Management Philosophy

The risk management philosophy of Guaranty Trust Bank Plc is drawn from its mission and vision statements and seeks to optimize risk — return trade off, while ensuring strong

commitment to the following key indices:

- Excellent service delivery across business segments;
- Sound performance reporting (financial and non financial);
- Sound corporate governance; and
- Consistent appreciation in shareholders' value.

Risk Management Framework / Governance Structure

The Bank's risk management policies are established to identify and analyse the risks faced by the Bank, to set appropriate risk limits and controls, to monitor risks and adherence to limits. The policies shall be reviewed regularly; especially where in the opinion of the Board, changes in regulations, market conditions or the Bank's strategic focus are compelling enough to impact on the continued adoption of existing policies. The Bank, through its training, management standards and procedures, aims to continually develop a disciplined control environment, in which all employees understand their roles and obligations.

The Board of Directors has overall responsibility for the establishment and supervision of the Bank's risk management framework via its committees – The Board Risk Committee and Board Credit Committee. These committees are responsible for developing and monitoring risk policies in their specified areas and report regularly to the Board of Directors.

The Board Committees are assisted by the various Management Committees in identifying and assessing risks arising from day to day activities of the Bank. These committees include:

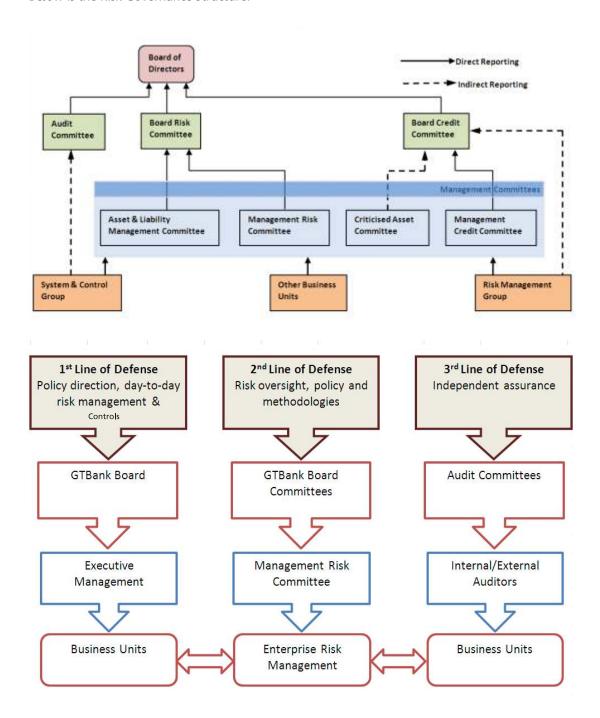

- Management Credit Committee
- Criticized Assets Committee
- Asset and Liability Management Committee (ALMAC)
- Management Risk Committee
- Information Technology Steering Committee
- Other Ad-hoc Committees

These committees meet on a regular basis while others are set up on an ad-hoc basis as dictated by the circumstances.

The Bank's Audit Committee is responsible for monitoring compliance with the risk management policies and procedures, and for reviewing the adequacy of the risk management framework in relation to risks faced by the Bank. The Audit Committee is assisted by the System & Control Group in carrying out these functions. System & Control Group undertakes both regular and ad-hoc review of risk management controls and procedures, the results of which are reported to the Audit Committee.

FI

Below is the Risk Governance Structure:

Risk Management Methodology

Guaranty Trust Bank recognizes that it is in the business of managing risks to achieve optimal satisfaction for all stakeholders. It has over the years painstakingly detailed its approach to risk management by ensuring that policies and procedures exist to guide its activities bank-wide. A few of these policies and procedures include the following:

- (i) Credit Policy Guide
- (ii) ERM Policies

- (iii) Human Resources Policy
- (iv) Quality Control Policy
- (v) IT Policy
- (vi) Standard Operating Procedures for all departments in the Bank

To ensure adherence to the policies and procedures, several exception reports on customers and activities of the Bank are generated by various units for management's decision making. These include:

FINANCIAL RISK MANAGEMENT

- Monthly Management Profitability Reports (MPR) for marketing teams
- Monthly Operations Performance Reports (OPR) for support teams
- Quarterly Business Profitability Review
- Annual Bank-wide performance appraisal systems

Our Risk Appetite

Risk appetite defines the risk capacity or quantum of risk the Bank is willing to accept in pursuit of its business strategy.

The Bank reviews its activities to determine the level of inherent risk therein. Appropriate risk response is deployed after a careful evaluation of the implication of such risks to the Bank's strategic goals and its operating environment.

Guaranty Trust Bank's risk appetite shall be expressed in qualitative and quantitative terms. The Bank's attitude to risk is to remain moderate with minimal earnings at risk.

CREDIT RISK MANAGEMENT

Credit Risk

Guaranty Trust Bank defines credit risk as the risk that a counterparty will fail to honor its repayment obligations to the Bank thus leading to financial loss. Credit risk is the most critical risk for the Bank arising from credit exposures.

It accounts for the major portion of the Bank's assets and source of revenue. Thus, the Bank ensures that credit risk related exposures are properly monitored, managed and controlled.

The bank's Credit Risk Management Group is responsible for identifying, controlling, monitoring and reporting credit risk

related issues. It is responsible for managing the Bank's credit exposures, which arise as a result of the bank's lending and investment activities as well as other unfunded credit exposures that have default probabilities such as off-balance sheet financial instruments. The Group also serves as the secretariat for the Management Credit Committee and Criticized Assets Committee.

For credit risk capital adequacy computation, under Basel II Pillar I, the Bank has commenced with the use of the Standardized Approach while collating relevant data required for the migration to the Internal Rating Based (Foundation) Approach.

Credit Risk Measurements

Loans and Advances

Guaranty Trust Bank undertakes the extension of credit facilities after careful evaluation of the borrowers' character, capacity to repay, cashflow, credit history, industry and other factors. The Bank acknowledges that there are diverse intrinsic risks inherent in its business segments. As a result, different risk management techniques are applied to adequately dimension the risks in each business segment.

In line with global best practices and in compliance with BASEL II requirements, the Bank has standardized its internal rating methodology. The new rating grade is used for all counterparties and this covers corporate, commercial, retail and public sector customers. The rating of customer is handled by Account Officers and Relationship Managers with further review by Credit Risk Management Group.

The Rating Grid with description is as follows:

Rating Grade	Description	Characteristics
1	Exceptional Credit	 Unquestionable credit quality Obligors with overwhelming capacity to meet obligation Top multinationals / corporations Good track record Strong brand name Strong equity and assets Strong cash flows Fully cash coverage

Rating Grade	Description	Characteristics
8	Substandard risk	 Well- defined weaknesses though significant loss unlikely Orderly liquidation of debt under threat Continued strength is on collateral or residual repayment capacity of obligor Partial losses of principal and interest possible if weaknesses are not promptly rectified Questionable management skills
9	Doubtful Risk	 High probability of partial loss Credit fundamentals very weak and makes full debt liquidation in serious doubt Factors exist that may mitigate the potential loss but awaiting appropriate time to determine final status Demonstrable management weaknesses, poor repayment weaknesses and poor repayment profile
10	Lost	 A definite loss of principal and interest Lack of capacity to repay unsecured debt Bleak economic prospects Though it is still possible to recover sometime in the future, it is imprudent to defer write - off

Risk Limit Control and Mitigation Policies

Guaranty Trust Bank applies limits to control credit risk concentration and ensure proper diversification of its risk assets portfolio. The Bank maintains limits for individual borrowers and groups of related borrowers, as well as industries/sectors, geographical distribution collateral, and customer ratings. Obligor limit is as set by the regulator and it is currently at 20% of the Bank's shareholder's funds. The obligor limit covers exposures to counterparty and its related parties.

Although the Bank is guided by this regulatory limit, we apply additional parameters internally in determining the suitable limits that should be extended to an individual borrower. These include: obligor rating, position in the industry and perceived requirements of key players (e.g. import finance limit may be determined by the customer's import cycle and volume during each cycle), financial analysis, etc.

The Bank imposes industry/economic sector limits to guide against concentration risk as a result of exposures to sets of counterparties operating in a particular industry. The industry limits are arrived at

after rigorous analysis of the risks inherent in the industry. The limits are usually recommended by the Bank's Portfolio Risk Management Unit. The limits are presented for approval at the Management and Board Risk Committees.

The limits set for each industry or economic sector depend on the historical performance of the sector as well as the intelligence report on the outlook of the sector. During the year, limits can be realigned (outright removal, reduction or increase) to meet the exigencies of the prevailing macroeconomic events.

The Bank also sets internal credit approval limits for various levels of officers in the credit process. Approval decisions are guided by the Bank's strategic focus as well as the risk appetite and the other limits established by the board or regulatory authorities such as Aggregate Large Exposure Limit, Obligor Limit, Geographical Limits, Industry/Sectoral limits etc.

The lending authority in the Bank flows through the management hierarchy with the final authority residing with the Board of Directors as indicated below:

Board of Directors	Up to Bank's one Obligor limit as advised by Central Bank of Nigeria from time to time but currently put at 20% of shareholders' funds
Management Credit Committee	Up to N500 Million
Managing Director	Up to N200 Million
Deputy Managing Director	Up to N150 Million
Other Approving Officers	as delegated by The Managing Director

The above limits are subject to the following exceptional approvals:

Except where a facility is cash collateralized, all new facilities below N10million require the approval of the Management Credit Committee.

New facilities require one-up approval i.e. approval at a level higher than that of the person that would ordinarily approve it.

The deposit required for all cash collateralized facilities (with the exception of bonds, guarantees and indemnities) must be 125% of the facility amount to provide a cushion for interest and other charges.

The amount being approved must be within the appropriate authority limit; otherwise the credit goes to the next level of lending authority or consultative forum such as the Management Credit Committee (MCC) or the Board, for review and approval as required. New products are also presented to the MCC for review and approval.

Some other specific control and mitigation measures are outlined below:

(a) Collateral policies

The Bank ensures that each credit is reviewed and granted based on the strength of the borrowers' cashflow. However, the Bank also ensures its credit facilities are well secured as a second way out strategy. The policies that guide collateral for facilities are embedded within the Bank's Credit Policy Guide. These include the following policy statements amongst others:

(I) Loans to individuals or sole proprietors must be secured by tangible, marketable collateral that has a market value that is supported by a valuation report from a registered estate valuer who is acceptable to the Bank. The collateral must also be easy to check and easy to dispose of. This collateral must be in the possession of, or pledged to, the Bank

- (ii) Client's account balances must be within the scope of cover provided by its collateral
- (iii) All collateral offered must have the following attributes:
 - There must be good legal title
 - The title must be easy to transfer
 - It should be easy and relatively cheap to value
 - The value should be appreciating or at least stable
 - The security must be easy to sell

All collateral must be fully insured. Exceptions include cash collateral, securities in safe keeping, indemnity or guarantees, or where our interest is general (for instance in a negative pledge). The insurance policy has to be issued by an insurer acceptable to the Bank.

All cash collateralized facilities shall have a 20% margin to provide cushion for interest and other charges i.e. only 80% of the deposit or cash collateral may be availed to an obligor.

The main collateral types acceptable to the Bank for loans and advances include:

- (i) Mortgages over residential properties
- (ii) Charges over business premises, fixed and floating assets as well as inventory.
- (iii) Charges over financial instruments such as equities, treasury bills e.t.c

The Bank ensures that other financial assets, aside from loans and advances, such as Bank placements, are secured with treasury bills or other government securities.

(b) Off-balance sheet engagements

These instruments are contingent in nature and carry the same credit risk as loans and advances. As a policy, the Bank ensures that all its off-balance sheet exposures are subjected to the same rigorous credit analysis, like that of the on-balance sheet exposures, before availment. The major off-

FINANCIAL RISK MANAGEMENT

balance sheet items in the Bank's books are Bonds and Guarantees, which the Bank will only issue where it has full cash collateral or a counter indemnity from a first class bank, or another acceptable security.

(c) Placements

The Bank has placement lines for its Bank counterparties. The lines cover the settlement risks inherent in our activities with these counterparties. The limits are arrived at after conducting fundamental analysis of the counterparties, presentation of findings to, and approval by the Bank's Management Credit Committee. The lines are monitored by Credit Risk Management Group. As a rule, the Bank's placements with local Banks are backed with treasury bills or other government securities.

(d) Haircut Adjustments

This will be applied by the bank as a form of credit risk enhancement and mitigation strategy. The bank shall be strictly guided by the requirements of the prudential guidelines when undertaking haircut adjustments on any exposure.

Provisioning policies

The Credit Risk Management Group of the Bank conducts

detailed review of the risk assets portfolio and applies objective and subjective criteria in classifying loans with repayment difficulties. The classification and the attendant provisioning is derived from the regulatory requirement for non-performing loans as prescribed by the Central Bank of Nigeria.

In line with the prudential requirements of the CBN, the Bank's provisioning standards is segregated along 2 categories as detailed below:

1. Loans other than Specialized Loans

The provisioning policy for 'loans other than specialized loans' covers the following:

- Commercial Loans
- Commodities Financing
- Corporate Loans
- Retail & Consumer Credits
- Facilities granted to federal, state and local governments and their parastatals.

Facilities not specifically classified as specialized loans by the CBN.

The bank's provisioning benchmark for 'loans other than specialized loans' is highlighted in the table below:

No of Day Overdrawn	Classification	% Provision Taken	
90 – 180	Substandard	10%	
180 – 360	Doubtful	50%	
Over 360	Lost	100%	

In addition, immediately an account is classified as non-performing, the interest is accounted for on non-accrual basis i.e. interest is not recognized as income but suspended.

Furthermore, if the occurrence of a loss event is certain, appropriate provisions will be made regardless of the fact that such loans does not fall in any of the above categories.

Specialized loans

The provisioning policy for specialized loans covers the following:

- i. Agriculture Finance
- ii. Mortgage Loan
- iii. Margin Loan
- iv. Project Finance
- v. Object Finance
- vi. Income Producing Real Estate
- vii. Commercial Real Estate and
- viii. SME loan

The bank's provisioning benchmarks are spelt out below under each of the specialized loan types:

I. (a) **Agriculture Finance - short term facilities** (purchase of seeds, fertilizers, working capital, and other Inputs)

Category	Classification	Days past due	% provision
1	W	Mark-up/interest or principal past due by 90days	0% of total outstanding balance
1A	S	Mark-up/interest or principal past due by 90days to 1year	25% of total outstanding balance
2	D	Mark-up/interest or principal past due by 1 to 1.5 years	50% of total outstanding balance
3	VD	Mark-up/interest or principal past due by 1.5 to 2 years	75% of total outstanding balance
4	L	Mark-up/interest or principal past due by more than 2 years	100% of total outstanding balance

 (b) Agriculture Finance - Long term Facilities (Farm development finance, purchase of machinery, livestock financing)

Category	Classification	Days past due	% provision
1	W	Mark-up/interest or principal past due by 90days	0% of total outstanding balance
1A	S	Mark-up/interest or principal past due by 90days to 1year	25% of total outstanding balance
2	D	Mark-up/interest or principal past due by 1 to 2 years	50% of total outstanding balance
3	VD	Mark-up/interest or principal past due by 2 to 3 years	75% of total outstanding balance
4	L	Mark-up/interest or principal past due by more than 3 years	100% of total outstanding balance

ii.Mortgage loans

Category	Classifi- cation	Days past due	Treatment of income	% provision
1	W	Mark-up/interest or principal past due by 90days	Suspend interest and realize on cash basis	0% of total outstanding balance
1A	S	Mark-up/interest or principal past due by more than 180days	As above	10% of total outstanding balance
2	D	Mark-up/interest or principal past due by more than1 year	As above	Unprovided balance should not exceed 50% of the estimated net realisable value of the security.
3	L	Mark-up/interest or principal past due by more than 2 years	As above	100% of total outstanding balance

iii. Margin loans

The shares backing margin facilities shall be marked to market on a daily basis in order to determine the potential loss in the portfolio. Provisions shall be made periodically for the excess of loan balance over the market value of the underlining shares. Any increase in the mark to market value from the previous valuation shall be recognized to the extent of the previous charge-off made.

iv. Project Finance

Category	Classifi- cation	Days past due	Treatment of income	% provision
1	W	Repayment on obligation btw 60% and 75% of amount due or installment 180days past due	Suspend interest and realize on cash basis	0% of total outstanding balance
1A	S	Repayment below 60% of amount due or installment between 180 days to 2yrs past due	As above	25% of total outstanding balance
2	D	Repayment below 60% of amount or installment overdue by 2 to 3 years	As above	50% of total outstanding balance
3	VD	Repayment below 60% of amount due or installment over due by 3 to 4 years	As above	75% of total outstanding balance
4	L	Repayment below 60% of amount due or installment overdue by more than 4 years	As above	100% of total outstanding balance

v. Object Finance, income producing real estate and commercial real estate Financing

Category	Classifi- cation	Days past due	Treatment of income	% provision
1	W	Repayment on obligation between 60% and 75% of amount due or installment 180days past due	Suspend interest and realize on cash basis	0% of total outstanding balance
1A	S	Repayment below 60% of amount due or installment between 180 to 1year past due	As above	25% of total outstanding balance
2	D	Repayment below 60% of amount or installment overdue by 1 to 2 years	As above	50% of total outstanding balance
3	VD	Repayment below 60% of amount due or installment over due by 2 to 3 year	As above	75% of total outstanding balance
4	L	Repayment below 60% of amount due or installment overdue by more than 3 years	As above	100% of total outstanding balance

vi. (a) SME Loans - SME short term facilities (Maturities of 1 year)

Category	Classifi- cation	Days past due	% provision
1	W	Mark-up/interest or principal past due by 90days	0% of total outstanding balance
1A	S	Mark-up/interest or principal past due by 90days to 1year	25% of total outstanding balance
2	D	Mark-up/interest or principal past due by 1 to 1.5 years	50% of total outstanding balance
3	VD	Mark-up/interest or principal past due by 1.5 to 2 years	75% of total outstanding balance
4	L	Mark-up/interest or principal past due by more than 2 years	100% of total outstanding balance

vi. (b) SME Loans - SME Long term facilities (Maturities of more than 1 year)

Category	Classifi- cation	Days past due	% provision
1	W	Mark-up/interest or principal past due by 90days	0% of total outstanding balance
1A	S	Mark-up/interest or principal past due by 90days to 1year	25% of total outstanding balance
2	D	Mark-up/interest or principal past due by 1 to 2 years	50% of total outstanding balance
3	VD	Mark-up/interest or principal past due by 2 to 3 years	75% of total outstanding balance
4	L	Mark-up/interest or principal past due by more than 3 years	100% of total outstanding balance

MARKET RISK MANAGEMENT

Market Risk is the probability that changes in financial market prices could adversely affect the Bank's financial condition. The Bank measures and monitors all potential market risks such as interest rate risk, exchange rate risk, liquidity risk, investment risk and market volatilities in its trading and banking books.

The Bank separates its exposure to market risk between trading and non-trading portfolios. The Treasury holds trading portfolio, including positions arising from market making and proprietary position taking, together with financial assets and liabilities. The portfolio is managed on a fair value basis.

Overall authority for the management and reporting of market and liquidity risks inherent in our businesses across the Bank is vested in the Management Risk Committee. However, the Market Risk Management group is responsible for the development of market risk management policy and the monitoring of specific market and liquidity risks inherent in the business. The group is also responsible for ensuring that any exposure is efficiently identified, measured, monitored and managed.

With the exception of translation risk arising on the Bank's net investment in its foreign operations, Market Risk Management group monitors foreign exchange risk within the Bank. Accordingly, the foreign exchange position is

treated as part of the Bank's trading portfolio for risk management purposes.

The Market risk reports to Management appropriately address potential exposures to yield curve changes and other factors relevant to the institution's holdings.

Measurement, Monitoring and Control

The Bank makes use of limit monitoring, value-at-risk, gap analyses and scenario analyses to measure and control the market risk exposures within its trading and banking books.

Specific limits and triggers (regulatory and in-house) have been set across the various market risk areas to prevent undue exposure and the market risk management group ensure that these limits and triggers are adhered to by the bank.

The bank also performs regular stress tests on its banking and trading books. In performing this, the bank ensures that there are quantitative criteria in building the scenarios. The bank determines the effect of changes in interest rates on interest income; volatility in prices on trading income; and changes in funding sources and uses on the bank's liquidity.

For market risk capital adequacy computations under Basel II Pillar I, the Bank has adopted the use of the Standardized Approach for calculating its required market risk capital.

FOR THE YEAR ENDED 31 DECEMBER 2011

The bank traded in the following financial instruments in the course of the year;

- 1. Treasury Bills
- 2. Bonds (Spot and Repo transactions)
- 3. Foreign currencies (Spot, Forwards and Swaps)
- 4. Money market products

The key potential risks the bank was exposed to from these instruments were foreign exchange risk and interest rate risk (price risk, basis risk). However, all potential risk exposures in the course of the year were successfully mitigated as itemized above.

OPERATIONAL RISK MANAGEMENT

Guaranty Trust Bank defines Operational Risk (OpRisk) as "the direct/indirect risk of loss resulting from inadequate and/or failed internal processes, people, and systems or from external events". This definition requires the review and monitoring of all strategies and initiatives deployed in its people management, process engineering and reengineering, technology investment and deployment, management of all regulatory responsibilities and response to external threats.

To ensure a holistic framework is implemented, Operational Risk Management also monitors Strategic and Reputational Risks from a broad perspective.

The following practices, tools and methodologies have been implemented for this purpose:

Loss Incident Reporting – An in-house developed webbased Loss Incident Reporting System is deployed via the Bank's intranet for logging of operational risk incidents bank-wide. All staff members are encouraged to report any occurrence of operational risk incidents whether it crystallized to actual losses or not. Information gathered is used for identifying appropriate operational risk capital calculation.

Risk and Control Self Assessments (RCSAs) – This is a qualitative risk identification tool deployed bank-wide. All branches and Head-Office departments are required to complete the assessments at least once a year. A risk-based approach has been adopted for the frequency of RCSAs to be conducted by branches, departments, groups and

divisions of the Bank. These assessments enable the profiling and mapping of prevalent operational risks. Risk assessments of the Bank's new and existing products / services are also carried out. This process also tests the quality of controls the Bank has in place to mitigate likely risks; a detailed risk register cataloguing key risks identified and controls for implementation is also developed and maintained from this process.

Key Risk Indicators (KRI) – These are quantitative parameters defined for the purpose of monitoring operational risk trends across the Bank. A comprehensive KRI Dashboard is in place supported by specific KRIs for key departments in the Bank. Medium – High risk trends are reported in the Monthly Operational Risk Status reports circulated to Management and key stakeholders, and on a quarterly basis to the board.

Fraud Risk Management Initiatives – Causal analysis of key fraud and forgeries trends identified in the Bank or prevalent in local and global business environments are carried out and reported on a monthly basis. Likely and unlikely loss estimations are also determined in the process as input in the OpRisk capital calculation process. The focus in Fraud Risk Management is to ensure that processes for preventing, deterring, detecting fraud and forgeries incidents, and sanctioning offenders are effective.

Business Continuity Management (BCM) in line with BS 25999 Standards – To ensure the resilience of our business to any disruptive eventuality, the Bank has in place a robust Business Continuity Plan (BCP) which assures timely resumption of its business with minimal financial losses or reputational damage, and continuity of service to its customers, vendors and regulators. Desktop Walkthrough Tests are being conducted bank-wide to ensure that recovery co-ordinators are aware of their roles and responsibilities. This plan is reviewed monthly and when necessary, it is updated to ensure reliability and relevance of information contained.

Information Risk Management Awareness and Monitoring – Strategies for ensuring the Confidentiality, Availability and Integrity of all the Bank's information assets (hardware, software, documents, backup media, etc.) are continuously reviewed and key risks identified reported to key stakeholders. Where applicable, implementation of

FOR THE YEAR ENDED 31 DECEMBER 2011

controls by relevant stakeholders is also tracked and reported on.

Compliance and Legal Risk Management – This process monitors the zero-tolerance culture for regulatory breaches promoted in the Bank. Adherence to regulatory guidelines and global best practices is also monitored on an on-going basis

Occupational Health and Safety procedures and initiatives – Global best practices for ensuring the health and safety of all staff, customers and visitors to the Bank's premises are advised, reported on to relevant stakeholders and monitored for implementation.

Reputational & Strategic Risk Monitoring Template -

A detailed template with internal and external factors that might impact the Bank adversely is used to monitor the Bank's exposure to reputational risk. All adverse trends identified are reported to relevant stakeholders for timely redress. A specialized template for monitoring Strategic Risk monitoring is currently being tested.

Operational Risk Capital Calculation – The Bank has adopted the Basel II Pillar 1 defined "Standardized Approach" for the calculation of its Operational Risk Economic Capital for internal risk monitoring and decision-making. Strategies for migrating to the Advanced Measurement Approach as soon as the required gestation period and data collation requirement are in place is ongoing. Whilst it is not a regulatory requirement to have capital set aside for operational risk, these estimations are determined to guide Management in its decision making process.

Operational Risk Reporting – Monthly, quarterly, and annual reports highlighting key operational risks identified are circulated to relevant stakeholders for awareness and timely implementation of mitigation strategies. Reports are also generated and circulated on a need-basis.

Operational Risk Management Philosophy and Principles

Governance Structure

The Board through its Board Risk Committee (BRC) oversees the operational risk function in the Bank. It

ensures that the OpRisk policy is robust and provides a framework on the Bank's OpRisk profile and limits. It also determines the adequacy and completeness of the Bank's risk detection and measurement systems. It assesses the adequacy of risk mitigants, reviews and approves contingency plans for specific risks and lays down the principles on how operational risk incidents are to be identified, assessed, controlled, monitored and measured. The BRC reviews OpRisk Reports on a quarterly basis.

The Management Risk Committee (MRC) monitors the activities of OpRisk and approves key decisions made before presentation of same to the Board. It ensures the implementation of the guiding OpRisk framework bankwide, and ensures that all departments in the Bank are fully aware of the risks embedded in respective process flows and business activities.

All process owners are responsible for the day-to-day management of OpRisks prevalent in respective Departments, Groups, Divisions and Regions of the Bank.

The Internal Audit function conducts independent reviews on the implementation of OpRisk Policies and Procedures bank-wide.

Approach to Managing OpRisk

Guaranty Trust Bank adopts operational risk procedures and practices that are "fit for purpose" and will increase the efficiency and effectiveness of the bank's resources, minimise losses and utilize opportunities.

This outlook embeds OpRisk practices in the bank's day-to-day business activities.

It also aligns the Bank's Operational Risk Management framework with sound practices recommended by various local and globally-accepted regulatory agencies such as Basel II Accord's "Sound Practices for the Management and Supervision of Operational Risk", Committee of Sponsoring Organisations (COSO) / Sarbanes-Oxley (SOX) standards, and some internationally accepted British Standards such as the BS 25999 for Business Continuity Management.

Principles

Operational risks inherent in all products, activities, processes and systems are assessed periodically for timely

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2011

identification of new risks and trending of prevalent risks. The Bank ensures that before any new products, processes, activities and systems are introduced or undertaken, the operational risks inherent are assessed and likely risks mitigated.

In accordance with this, the Bank ensures regular monitoring of its operational risk profile and material exposure to losses.

Pertinent information is reported regularly to Senior Management and the Board to ensure proactive management of operational risk bankwide.

In addition to this, the Bank's Business Continuity Plan outlines the Bank's requirements for contingency and continuity plans to ensure its ability to operate on an ongoing basis and limit losses in the event of severe business disruption.

Treatment of Operational Risks

The OpRisk identification and assessment process provides a guide on the decision-making process for the extent and nature of risk treatment to be employed by the Bank. In line with best practices, the cost of risk treatments introduced must not exceed the reward.

The following comprise the OpRisk treatments adopted by the Bank:

- Risk Acceptance and Reduction: The Bank accepts the risk because the reward of engaging in the business activity far outweighs the cost of mitigating the risk. Also, residual risks retained by the business after deploying suitable mitigants are accepted.
- Risk Transfer (Insurance): This involves another party or parties bearing the risk, by mutual consent.
 Relationships are guided by the use of contracts and insurance arrangements.
- Risk Sharing (Outsourcing): Risk is shared with other parties that provide expert solutions required to mitigate risk or reduce risk burden whether operationally or financially.

■ **Risk Avoidance:** Requires discontinuance of the business activity that gives rise to the risk.

STRATEGY RISK MANAGEMENT

Strategic Risk Management is the process for identifying, assessing and managing risks and uncertainties, affected by internal and external events or scenarios, that could inhibit the Bank's ability to achieve its strategic objectives with the ultimate goal of creating and protecting stakeholder value.

In Guaranty Trust Bank, it is also regarded as the possibility that the Bank's strategy may be inappropriate to support its long-term corporate goals due to the inadequacy of its strategic planning and/or decision-making process or the inadequate implementation of such strategies. This could include the risk that the strategy is unclear, clear but not viable or clear and viable but badly implemented, or strategy failure due to unexpected circumstances.

A specialized template for monitoring Strategic Risk has been developed: it would be tested before deployment.

REPUTATIONAL RISK MANAGEMENT

Guaranty Trust Bank considers Reputational Risk to be the current and prospective adverse impact on earnings and capital arising from negative public opinion. It measures the change in perception of the Bank by its stakeholders. It is linked with customers' expectations regarding the Bank's ability to conduct business securely and responsibly.

A detailed template with internal and external factors that might impact the Bank adversely is used to monitor the Bank's exposure to reputational risk. All adverse trends identified are reported to relevant stakeholders for timely redress.

Foreign exchange risk

The Group takes on exposure to the effects of fluctuations in the prevailing foreign currency exchange rates on its financial position and cash flows. The Board sets limits on the level of exposure by currency and in aggregate for both overnight and intra-day positions, which are monitored daily. The table below Summarises the Group's exposure to foreign currency exchange rate risk at 31 December. Included in the table are the Group's assets and liabilities at carrying amounts, categorised by currency.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2011

Liquidity risk

Liquidity risk is the current and future risk to the Bank's earnings and capital arising from its inability to meet its financial obligations and commitments as and when due and at a reasonable price

Liquidity risk management process

The Bank's liquidity risk management process is primarily the responsibility of the Market Risk Management Group within the ERM Division.

A brief overview of the bank's liquidity management processes includes the following:

- Maintenance of minimum levels of liquid and marketable assets above the regulatory requirement of 30%. The Bank has also set for itself more stringent inhouse limits above this regulatory requirement to which it adheres.
- Monitoring of its cash flow and balance sheet trends. The Bank also makes forecasts of anticipated deposits and withdrawals to determine their potential effect on the Bank.
- Regular measurement & monitoring of its liquidity position/ratios in line with regulatory requirements and in-house limits
- Regular monitoring of non-earning assets
- Monitoring of deposit concentration
- Ensure diversification of funding sources
- Monitoring of level of undrawn commitment
- Maintaining a contingency funding plan.

Funding approach

The Bank's overall approach to funding is as follows:

- (i) Generation of large pool of low cost deposits.
- (ii) Maintenance of efficiently diversified sources of funds along product lines, business segments and also

regions to avoid concentration risk

The bank was able to meet all its financial commitments and obligations without any liquidity risk exposure in the course of the year.

The table below analyses assets and liabilities of the bank into relevant maturity groupings based on the remaining period at balance sheet date to the contractual maturity date. The matching and controlled mismatching of the maturities and interest rates of assets and liabilities is fundamental to the management of the bank. It is unusual for banks ever to be completely matched since business transacted is often of uncertain terms and of different types.

The maturity of assets and liabilities and the ability to replace, at an acceptable cost, interest-bearing liabilities as they mature, are important factors in assessing the liquidity of the bank and its exposure to changes in interest rates.

FOR THE YEAR ENDED 31 DECEMBER 2011

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2011

Capital management

The Group's objectives when managing capital, which is a broader concept than the 'equity' on the face of the balance sheet, are:

- a. To comply with the capital requirements set by the regulators of the banking markets where the entities within the Group operate;
- b. To safeguard the Group's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- c. To maintain a strong capital base to support the development of its business.

Capital adequacy and the use of regulatory capital are monitored daily by the Group's management, employing techniques based on the guidelines developed by the Central Bank of Nigeria (CBN), for supervisory purposes. The required information is filed with the CBN on a monthly basis. Auditors to the Group are also required to render an annual certificate to the Nigerian Deposit Insurance Corporation (NDIC)that includes the computed capital adequacy ratio of the Group.

The CBN requires each bank to:

- (I) Hold the minimum level of the regulatory capital of N25 billion, and
- (ii) Maintain a ratio of total regulatory capital to the riskweighted asset at or above the minimum of 10%. In addition, those individual banking subsidiaries or similar financial institutions not incorporated in Nigeria are directly regulated and supervised by their local banking supervisor, which may differ from country to country.

The Group's regulatory capital as managed by its Financial Control and Treasury Units is divided into two tiers:

 Tier 1 capital: share capital, retained earnings and reserves created by appropriations of retained earnings. The book value of goodwill is deducted in arriving at Tier 1 capital; and b. Tier 2 capital: preference shares, minority interests arising on consolidation, qualifying debt stock, fixed assets currency revaluation reserves, general provisions subject to maximum of 1.25% of risk assets and hybrid instruments—convertible bonds.

Investments in unconsolidated subsidiaries and associates are deducted from Tier 1 and Tier 2 capital to arrive at the regulatory capital.

The risk-weighted assets are measured by means of a hierarchy of five risk weights classified according to the nature of – and reflecting an estimate of credit, market and other risks associated with – each asset and counterparty, taking into account any eligible collateral or guarantees. A similar treatment is adopted for off-balance sheet exposure, with some adjustments to reflect the more contingent nature of the potential losses.

The table below summarises the composition of regulatory capital and the ratios of the Group for the years ended 31 December 2011 and 31 December 2010. During these two years, the individual entities within the Group and the Group complied with all of the externally imposed capital requirements to which they are subject.

GTCONNECT

Nigeria's first interactive contact centre

GTConnect is a total banking solution that provides you with instant service via a telephone. It is accessible from anywhere in the world and open for business 24 hours a day, seven days a week; even on public holidays.

The interactive contact centre allows you perform 90% of your transactions via the telephone. Customers can check account(s) balances, request electronic cards, request cheque books, stop cheques, reactivate dormant accounts, effect own and third party transfers and get up to date information on every aspect of the Bank's operations using this medium.

It's simple, just dial 0700GTCONNECT (0700 482 666 328) 01 4480000, 080 2900 2900 or, 080 3900 3900 to obtain your user I.D and log on details.

*For all international calls, please use prefix +234

GTBank Internet Banking

The Guaranty Trust Bank Internet Banking Services is a reliable and flexible way of managing your bank account(s) efficiently and conveniently from our website over the internet. It allows you do a host of activities at any time of the day from the comfort of your home, office and even while you are on the move.

Our internet Banking Service is equipped to enable you make 3rd party cash transfers to beneficiaries whose accounts are domiciled in other banks. You can also make own transfers between your accounts, third party transfers to other GTBank customers, check account balances, print account statements, apply for loans and request for cheque books amongst other things.

GTBank Mobile Money

GTBank Mobile Money is a convenient, secure and affordable way to send money to friends and family from your mobile phone. Subscribers can transfer funds to any recipient in Nigeria and also pay for goods and services with their mobile phones.

Our Mobile Money service also allows you make cash deposits into your mobile money account, cash withdrawals from GTBank ATMs or any Mobile money agent, funds transfers to any recipient (both mobile money subscribers and non-subscribers), purchase of MTN Airtime, balance Enquiries and payment of utility bills

Guaranty Trust Bank Foreign Currency Transfers (GTFX)

GTFX is a unique service that allows you safely transfer FX from your domiciliary account to beneficiary accounts in other banks abroad, using the GTBank Internet Banking platform. The service accommodates Dollar (\$), Pound Sterling (£) and Euro (€) transfers, and is an efficient way of making school fees, medical bills, mortgages and other payments. The GTBank Foreign Currency Transfer Service (GTFX) is built around convenience and safety. You can initiate transfers whenever you want from the comfort of your home or office. In addition all online transfer requests are acknowledged via e-mails and secured by multiple passwords and the use of a token hardware.

PRODUCTS AND SERVICES

MoVe (Mobile Velocity)

This is a Guaranty Trust Bank Mobile Phone Application that allows you connect to your account through our Mobile Banking Website.

The application also allows you locate all Guaranty Trust Bank Branches and ATMs, find out real Foreign Exchange rates on our currency calculator and get up to date stock information through our Stock Market reports.

The Mobile Velocity application can be downloaded free at www.gtbank.com or Nokia's OVI store www.store.ovi.com

GTMOBILE

This is a Guaranty Trust Bank banking platform that allows you conduct traditional banking activities like balance enquiries, bill payments and own account transfers using your mobile phone.

This product is linked to your Naira MasterCard, thereby providing enhanced security. GTMobile can be downloaded free at www.qtbank.com

GTBank Automated Payment System (GAPS)

The Guaranty Trust Bank Automated Payment System (GAPS) is a web-based service that facilitates the processing of vendor (and other) payments in batches, using either a dial-up connection to the bank or a secured (https) connection over the Internet. It also gives you online real-time access to your account 24/7.

GTPay

Convenient and Secure internet payments

GTPay is a unique internet payment solution designed to make corporate customers' transactions easier and more convenient.

The product enables corporate customers accept payments through their website from their own customers using InterSwitch Debit and V-Pay cards.

GeNS

Making tomorrow's financial decisions now

The Guaranty Trust electronic Notification Service (GeNS) is a notification system which provides instant details of transactions on your account(s).

This service is designed to generate and send out notification prompts to customers via electronic mail* and SMS**, whenever there is a transaction on their account(s). GeNS ensures customers have real time knowledge of transactions on their accounts.

- * Electronic mail notifications are free for all Guaranty Trust Bank customers
- **Fee of N10.00 applies to SMS notifications.

PRODUCTS AND SERVICES

GTBank Naira MasterCard

Spend Naira anywhere in the world

The GTBank Naira MasterCard is a multi-purpose debit card issued in partnership with MasterCard Worldwide to provide 24 hour access to customers' accounts.

The card is linked to your current and / or savings account with the Bank in Nigeria, and can be used for online transactions, to pay for goods and services at Point of Sale (POS) terminals and also to withdraw cash from ATMs that display the Mastercard logo in over 210 countries worldwide.

GTBank Platinum Debit MasterCard

The GTBank Platinum Debit MasterCard is a Naira denominated premium card issued in partnership with MasterCard Worldwide.

It is linked online real-time to your Naira denominated GTBank Current and/or Savings account and avails the cardholder with premium benefits above those enjoyed by Standard Naira MasterCard holders. These include travel benefits, preferential treatment/rewards, higher transaction limits and access to exclusive products and clubs owned by partner organizations.

The GTBank Platinum Debit MasterCard offers higher daily transaction limits:

- ATM transactions N200,000 (or its equivalent in the local currency of any country)
- POS Transactions N2,000,000 (or its equivalent in the local currency of any country)

The GTBank Platinum Debit MasterCard is issued by invitation only and grants access to the MasterCard Moments Website: http://www.mastercardmoments.com/, which contains information about the various privileges you can enjoy at MasterCard partner outlets worldwide. Card holders also enjoy discounts and other privileges at local Merchant outlets within Nigeria.

Please visit http://www.gtbank.com/contact-us/pos.html for a list of these Merchants.

The Prepaid GTBank Dollar Card

The GTBank Prepaid Dollar card is a non-personalized international payment card that is ideal for online shoppers, pilgrims, international conference attendees, individuals studying abroad or taking overseas/online professional exams, travel groups, one-off and last minute travelers.

The card is issued upon request to GTBank / non GTBank customers and does not require the existence of a domiciliary account or any other banking relationship. It is accepted by international examination organizations and a wide range of international online merchants that include Amazon and Apple.

The GTBank Prepaid Dollar card is not linked to any of your accounts and allows you spend only a preloaded amount of money. Its universal acceptability makes it an effective alternative to cash.

GTBank Visa Card

Your Global e-payment solution

The Guaranty Trust Bank Visa Card is an international payment card issued in partnership with Visa Inc. and accepted as a means of payment in over 200 countries worldwide. It is available in three variants: Visa Classic, Visa Debit and Visa Prepaid.

GTBank Point of Sale (POS)

The GTBank Point of Sale (PoS) terminal is a portable device that allows bank customers (irrespective of the financial institution they bank with) make payment for goods and services with their debit cards.

The device provides a convenient, modern and efficient way of processing real time payment and supports a variety of financial transactions that include; printing mini statements, cash advance, balance enquiry, loading funds from a current/savings account unto a cash card and vending airtime (recharge).

The benefits of the PoS terminal to Merchants include:

- Improved efficiency (minimizes cash handling costs and aids account reconciliation),
- Reduction in operational costs associated with equipment for handling cash receipts,
- Minimized exposure to theft.

GTBank e-Account

The GTBank e-Account is designed to meet the unique financial needs of today's salary earners.

Account holders enjoy zero COT, have access to various loan opportunities and perform their banking transactions quickly, safely and conveniently through several electronic and alternative channels.

The account is managed with an e-Account card that can be used at point of sale terminals (POS) and ATMs in over 210 countries worldwide. GTBank e-Account holders also enjoy interest payment on account balances that is 0.5% higher than standard savings account rates.

GTMax

Something for everyone

GTMax is a zero COT*, current account that allows you earn interest on your account balances and combines the unique attributes of the Guaranty Trust Bank current and savings accounts. This unique account enables customers conduct own and third party transactions from any of our branches and still earn interest on their balances.

GTMax is available in three variants; Platinum, Gold and Silver. Each variant is designed with its own unique features to ensure there is something for everyone.

(* Terms and Conditions apply)

GTBank's Non Resident Nigerian (NRN) Account

The NRN Account offers a bouquet of Guaranty Trust Bank products and services to Nigerians who reside outside the country for more than 180 days in a year.

This account is structured to provide all account holders with access to credit facilities, a range of money transfer products as well as insurance and investment services.

CURRENT ACCOUNT

The Guaranty Trust Bank current account is a checking account which allows you conduct own and third party transactions from any of our 187 branches nationwide using our real-time online IT platform.

The account is unique because it has no minimum account balance requirements and comes with a free Naira MasterCard that further enables you make online payments and access your funds from all ATMs with the MasterCard sign worldwide. The account accommodates cheques, dividends and all clearing house instruments.

Having a Guaranty Trust Bank Current account also gives you free access to our internet banking service, GTConnect and GeNs; thereby providing a convenient way of managing your day-to-day finances.

GT SAVE

(Savings Account)

Guaranty Trust Bank Savings Account (GTSave) is an interest bearing account that can be accessed from any of our 187 branches nationwide. Account holders enjoy free access to our internet banking service, GTConnect, GeNS and other e-channels.

In addition, the account comes with a Guaranty Trust Bank Naira MasterCard that is accepted at 29.4 million locations and all ATMs that have the MasterCard sign worldwide.

SMART KIDS SAVE (SKS) ACCOUNT

A Savings Account for children & teenagers

The Guaranty Trust Bank Smart Kids Save (SKS) and SKS Teen Accounts are unique products designed to introduce "smart" kids (children under the age of 18) to the world of money and finance.

With as little as N1,000.00 (One Thousand Naira), an SKS Account (0-12 years old) or SKS Teen Account (13-18 years old) can be opened at any of our 187 branches nationwide. Account holders have free access to all Guaranty Trust Bank e-banking products and membership of the SKS club; a forum where they can interact with other smart kids via the SKS newsletter and website, www.gtbank.com/sks. Both accounts have a tiered interest rate that is 1% above prevailing Savings account rate* and are designed to accept cheques and other clearing instruments like dividend warrants, as long as they do not exceed N100,000.00 in value. In addition, SKS Teen account holders also get a trendy Naira MasterCard that is accepted at 29.4 million locations and 1.9 million ATMs worldwide.

Parents can make regular lodgements into these accounts using GTConnect or Standing orders. They can also monitor their ward's expenses and savings using the Guaranty Trust Electronic Notification Service (GeNS). All Smart Kids Save and SKS Teen account holders have the opportunity to win fantastic prizes at the annual SKS raffle draw.

(* Terms and Conditions apply)

GTCrea8 e-Savers Account

This is an interest bearing card account designed to enable undergraduates conveniently perform their banking transactions 24/7, via different e-channels from anywhere in the world.

The account comes with a trendy Naira MasterCard, which can be used to pay for items at point of sale terminals (POS) and withdraw cash from ATMs that display the Mastercard Logo worldwide.

Account holders can easily purchase textbooks and supplies, pay for meals at restaurants, buy tickets at cinemas and even shop online.

The GTCrea8 e-Savers Account easily caters for the banking needs of undergraduates schooling in Nigeria or abroad. It is COT free and offer competitive interest on account balances.

School Fees Advance

The GTBank School Fees Advance is a loan facility which parents/guardians can access to pay their children's/wards' school fees.

The product has a minimum facility amount of N50,000.00 and a maximum tenor of 4 months per cycle (Monthly principal and interest repayments should not exceed 50% of the customer's monthly salary).

Required documentation to access this facility include a Letter of undertaking from the customer's employer acceding to domicile his/her salary and credit Insurance with the Bank.

MAX ADVANCE

Max Advance is a flexible loan product designed to cater for funding needs of staff of corporate organizations who have salary accounts with the bank.

This product provides salary earners with access to flexible termed facilities which are repaid over a defined period of time.

GTSALARY ADVANCE

Cash Guaranteed... anytime of the month

Guaranty Trust Bank Salary Advance is a short term overdraft product that allows you withdraw cash against your monthly salary. The product is designed for convenience and enables customers draw up to 50% of their monthly salary in advance without having to provide any form of security.

Guaranty Trust Bank Salary Advance allows salary earners address cash challenges within the month easily and conveniently.

GTAUTO

GTAuto is a vehicle financing product designed to make it easier for customers to purchase automobiles. Customers can enjoy this product by providing a minimum equity contribution of 20% of the price of the vehicle being purchased.

GTAuto offers competitive rates and a quick turn around time.

GTMORTGAGE

GTMortgage is a product that provides customers with mortgage facilities to part-finance the acquisition of residential properties at very attractive rates.

Customers can take advantage of this facility by providing a minimum equity contribution of 20% of the property cost and enjoy a repayment plan spanning 20 years.

IMPORTANT

- 1. Before posting the above Proxy Form, please tear off this part and retain it. A person attending the Annual General Meeting of the Company or his/her proxy should produce this card to secure admission to the meeting.
- 2. A member of the Company is entitled to attend and vote at the Annual General Meeting of the Company. He/She is also entitled to appoint a proxy to attend and vote instead of him/her, and in this case, the above card is required for the appointment of a proxy.
- 3. In line with the current practice, the names of two of the Directors of the Company have been entered on the Proxy Form to ensure that someone will be at the meeting to act as your proxy. You may however wish to insert in the blank space on the form (marked "*") the name of any person, whether a member of the Company or not, who will attend the meeting and vote on your behalf instead of one of the Directors named.
- 4. The above Proxy Form, when completed, must be deposited at the office of the Registrar, GTB Registrars Limited, No. 7, Anthony Village Road, Anthony, Lagos, not less than 48 hours before the time fixed for the meeting.
- 5. It is a requirement of the law under the Stamp Duties Act, Cap. A8, Laws of the Federation of Nigeria, 2004, that any instrument of proxy to be used for the purpose of voting by any person entitled to vote at any meeting of shareholders must bear a stamp duty of N50.00 (fifty Naira)
- 6. If the Proxy Form is executed by a Company, it should be sealed under its Common Seal or under the hand and seal of its attorney.
